**VETO MEASURE**

May 11, 2009

The Honorable David Monson  
Speaker of the House  
North Dakota House of Representatives  
State Capitol  
Bismarck, ND 58505

RE: House Bill 1015

Dear Speaker Monson:

Pursuant to Article V, Section 9 of the North Dakota Constitution, I have vetoed Sections 23, 28, 29, 31, and 32 of House Bill 1015 and returned it to the House.

Section 23 is unconstitutional because it requires executive branch officials to seek prior approval for basic managerial affairs from a subset of the Legislature. This requirement violates the inherent authority of the executive branch to manage state agencies.

The role of the legislative branch is to deliberate upon policies and principles to be adopted in the future and the executive branch is charged with administering those policies and principles. *Verry v. Trenbeath*, 148 N.W.2d 567 (N.D. 1967). If enacted, the budget section would have to review and approve hundreds of funding requests each quarter that would typically be handled by statewide elected officials and agency directors. This would prohibit elected officials and agency managers from effectively responding to changing public needs and properly managing their agencies.

Section 23 would also place North Dakota agencies in violation of the National Fair Labor and Standards Act, which require agencies to pay annual leave and sick leave to the employee on a timely basis.

Section 28 and 29 require the Department of Commerce to seek budget section approval for a specific building that the full Legislative Assembly has approved and set criteria for its funding. The Supreme Court has said except "as otherwise provided in the constitution, the legislature may not delegate legislative powers to others, including to a subset of its members ...." Kelsh v. Jaeger, 641 N.W.2d 100 (N.D. 2002).

The Legislature may delegate to a body certain powers to ascertain facts; however, the full "Legislature must set forth reasonably clear guidelines to enable the appropriate body to ascertain the facts." Stutsman County v. State Historical Soc. of North Dakota, 371 N.W.2d 321, 327 (N.D. 1985). Sections 28 and 29 give the budget section unfettered veto power over the will of the full Legislature by granting authority far beyond the responsibility to determine that certain criteria or guidelines are being followed. See N.D.A.G. Opinion 2007-L-08.

Similarly, Section 31 usurps the authority of the full legislative body by transferring that authority to a small subset of the Legislature. Also, Section 31, as well as Section 32, prohibit the Governor from submitting proposed legislative initiatives to the Legislature for consideration and directly violate the Constitution. Article V, Section 7 of the North Dakota Constitution states the "governor shall present ... any recommended legislation to every regular and special session of the legislative assembly." As the North Dakota Supreme Court has opined, "As all of the branches derive their authority from the same constitution, there is an implied exclusion of each branch from the exercise of the functions of the others." City of Carrington v. Foster County, 166 N.W.2d 377, 382 (N.D. 1969).

For these reasons, I have vetoed Sections 23, 28, 29, 31, and 32 of House Bill 1015.

Sincerely,

John Hoeven  
Governor

"Mr. Speaker and Members of the Assembly:

Last Saturday night the Red River High School Roughriders defeated the Bismarck Demons to win their 13th ND State High School Hockey Championship.

Rebounding from last year's overtime loss in the championship game to Grafton-Park River, and the loss of 14 players from that team made this year's championship the most improbable of any of the previous championship teams.

Finishing 3rd in the East Region during the season and entering the state tournament as the 3rd seed from the East Region did not deter the Roughriders from achieving what has become the standard at Red River High, the state championship.

Despite being outshot by a 30 - 12 margin in the final, the Roughriders rode the back of tournament MVP goaltender Aaron Meland and in fitting fashion, outstanding hockey winner Russel Cray scored the winning goal in the third period, capping the state title for the Roughriders.

Thank you, Mr. Speaker.

"**SECTION 16. AMENDMENT.** Section 39-06-17 of the North Dakota Century Code is amended and reenacted as follows:

**39-06-17. Restricted licenses - Penalty for violation.**

1. The director, upon issuing an operator's license or a temporary restricted operator's license pursuant to section 39-06.1-11, has authority to impose restrictions suitable to the licensee's driving ability with respect to the type of or special mechanical control devices required on a motor vehicle which the licensee may operate or such other restrictions applicable to the licensee as the director may determine to be appropriate to assure the safe operation of a motor vehicle by the licensee.
2. The director may either issue a special restricted license or may set forth such restrictions upon the usual license form. The director shall likewise restrict licenses pursuant to the requirements of section 39-16.1-09.
3. A restricted operator's license or permit to operate the parent's or guardian's automobile, or an automobile which is equipped with dual controls and while accompanied by a qualified instructor, may be issued to any child, who is at least fourteen years of age, and otherwise qualified, upon the written recommendation of the parent or guardian. A child may operate an automobile that is not the parent's or guardian's to take the road test. No operator's license may be issued until the child, accompanied by the parent or guardian, appears in person and satisfies the director that:
  - a. The child is at least fourteen years of age.
  - b. The child is qualified to operate an automobile safely.
  - c. It is necessary for the child to drive the parent's or guardian's automobile without being accompanied by an adult.
  - d. The child has:
    - (1) Completed a course of classroom instruction and a course of behind-the-wheel instruction acceptable to the director; or
    - (2) Successfully completed a course at an approved commercial driver training school.
  - e. The child has driving experience of at least one hour at night, one hour during winter conditions, and one hour on a gravel, dirt, or loose surface highway to which the parent or guardian of the child must attest.

The parent or guardian at all times is responsible for any and all damages growing out of the negligent operation of a motor vehicle by any such child. The provisions of this subsection do not authorize the child to drive a commercial truck, motorbus, or taxicab except the holder of a class D license, fourteen or fifteen years of age, may drive a farm motor vehicle having a gross weight of fifty thousand pounds [22679.62 kilograms] when used to transport agricultural products, farm machinery, or farm supplies to or from a farm when so operated within one hundred fifty miles [241.40 kilometers] of the driver's farm.

4. The director may upon receiving satisfactory evidence of any violation of the restrictions of such license suspend or revoke the same but the licensee is entitled to a hearing as upon a suspension or revocation under this chapter.
5. It is a class B misdemeanor for any person to operate a motor vehicle in any manner in violation of the restrictions imposed in a restricted license issued to that person other than restrictions imposed under subsection 6. If the restricted license was issued under section 39-06.1-11 and the underlying suspension was imposed for a violation of section 39-08-01 or equivalent ordinance, or is governed by chapter 39-20, punishment is as provided in subsection 2 of section 39-06-42 and upon receiving notice of the conviction the director shall revoke, without opportunity for hearing, the licensee's restricted license and shall extend the underlying suspension for a like period of not more than one year. The director may not issue a restricted license for the extended period of suspension imposed under this subsection. If the conviction referred to in this section is reversed by an appellate court, the director shall restore the person to the status held by the person prior to the conviction, including restoration of driving privileges if appropriate.

6. A restricted license issued under subsection 3 to a child at least fourteen years of age to operate a parent's or guardian's automobile authorizes the licenseholder to drive the type or class of motor vehicle specified on the restricted license only under the following conditions:
  - a. A restricted licenseholder must be in possession of the license while operating the motor vehicle.
  - b. An individual holding a restricted driver's license driving a motor vehicle may not carry more passengers than the vehicle manufacturer's suggested passenger capacity."
