SECTION 2. Section 57-15-01.2 of the North Dakota Century Code is created and enacted as follows:

57-15-01.2. Taxing district budget basis.

The statement must be provided in a manner that allows the taxpayer to retain a printed record of the obligation for payment of taxes and special assessments as provided in the statement. If a parcel of real property is owned by more than one individual, the county treasurer shall send only one statement to one of the owners of that property. Additional copies of the tax statement will be sent to the other owners upon their request and the furnishing of their names and addresses to the county treasurer. The tax statement must include:

1. Include a dollar valuation of the true and full value as defined by law of the property and the total mill levy applicable. ~~The tax statement must include~~
2. Include, or be accompanied by a separate sheet, with three columns showing, for the taxable year to which the tax statement applies and the two immediately preceding taxable years, the property tax levy in dollars against the parcel by the county and school district and any city or township that levied taxes against the parcel.

3. Include, for the taxable year to which the tax statement applies and the two immediately preceding taxable years, a line item identified as "legislative property tax relief" showing the amount in dollars paid through legislative appropriation pursuant to section 57-20-07.2 and chapter 57-64 against the property taxes levied against the property.

Failure of an owner to receive a statement will not relieve that owner of liability, nor extend the discount privilege past the February fifteenth deadline.

SECTION 4. Section 57-20-07.2 of the North Dakota Century Code is created and enacted as follows:

57-20-07.2. State-paid property tax relief credit.

1. The owner of taxable property is entitled to a credit against property taxes levied against the total amount of property or mobile home taxes in dollars levied against the taxable value of the property. The credit is equal to eighteen percent of property or mobile home taxes levied in dollars against that property.
2. The owner, operator, or lessee of railroad property assessed by the state board of equalization under chapter 57-05 or public utility operative property assessed by the state board of equalization under chapter 57-06 is entitled to a credit against property taxes levied within each county against that property in the amount provided in subsection 1 against property taxes levied in dollars against that property in that county.

The tax commissioner shall determine the total amount of credits under this subsection and certify the amount to the state treasurer for transfer from the general fund to the air transportation fund. The credit for each air transportation company must be allocated to each city or municipal airport authority where that company makes regularly scheduled landings, in the same manner as the tax collected from that company is allocated.
4. The tax commissioner shall estimate the amount necessary to provide each county advance payment of seventy-five percent of the amount the county and the taxing districts in the county will ultimately receive for a taxable year under this section and certify the estimated amounts to the state treasurer by March fifteenth for transfer by April first to the county treasurer and distribution to the county and taxing districts in the county as provided in subsection 5.
5. The tax commissioner shall determine the total amount of credits under this section for each county from the abstract of the tax list filed by the county auditor under section 57-20-04, as audited and corrected by the tax commissioner. The tax commissioner shall certify to the state treasurer for payment, by June first following receipt of the abstract of the tax list, the amount determined for each county under this subsection. No penalty or interest applies to any state payment under this section, regardless of when the payment is made. The tax commissioner shall reduce the June certification of payments to reflect the April estimated payments previously made to counties under subsection 4.
6. Upon receipt of the payment from the state treasurer under subsections 4 and 5, the county treasurer shall apportion and distribute it to the county and the taxing districts in the county on the basis on which the general real estate tax for the preceding year is apportioned and distributed.
7. After payments to counties under subsection 5 have been made, the tax commissioner shall certify to the state treasurer as necessary any

supplemental amounts payable to counties or the air transportation fund or any amounts that must be returned by counties or returned from the air transportation fund for deposit in the state general fund to correct any errors in payments or reflect any abatement or compromise of taxes, court-ordered tax reduction or increase, or levy of taxes against omitted property. The county auditor shall provide any supplemental information requested by the tax commissioner after submission of the abstract of the tax list. The county treasurer shall apply to the tax commissioner for any supplemental payments to which the county treasurer believes the county is entitled.

8. Notwithstanding any other provision of law, for any property other than mobile homes, the property tax credit under this section does not apply to any property subject to payments or taxes that are stated by law to be in lieu of personal or real property taxes.

SECTION 5. AMENDMENT. Section 57-20-09 of the North Dakota Century Code is amended and reenacted as follows:

57-20-09. Discount for early payment of tax.

Except as provided in section 57-20-21.1, the county treasurer shall allow a five percent discount to all taxpayers who shall pay all of the real estate taxes levied on any tract or parcel of real property in any one year in full on or before February fifteenth prior to the date of delinquency. Such discount applies, after deduction of any credit allowed under section 57-20-07.2, to the net remaining amount of all general real estate taxes levied for state, county, city, township, school district, fire district, park district, and any other taxing districts but does not apply to personal property taxes or special assessment installments. Whenever the board of county commissioners, by resolution, determines that an emergency exists in the county by virtue of weather or other catastrophe, it may extend the discount period for an additional thirty days.

SECTION 6. AMENDMENT. Section 57-20-21.1 of the North Dakota Century Code is amended and reenacted as follows:

57-20-21.1. Priority for delinquent taxes.

When payment is made for any real or personal property taxes or special assessments, payments must be applied first to the oldest unpaid delinquent taxes or special assessments due, if any, shown to exist upon the property for which the tax payments are made, including any penalty and interest, except payments of state-paid property tax relief credit made by the state must be applied to taxes for the year for which the state-paid property tax relief credit is granted. The discounts applicable to payment of taxes set out in section 57-20-09 do not apply to payment of taxes made on property upon which tax payments are delinquent."

Page 6, after line 16, insert:

REPORT OF CONFERENCE COMMITTEE

HB 1440, as engrossed: Your conference committee (Sens. Andrist, J. Lee, Dotzenrod and Reps. Hofstad, Froseth, S. Kelsh) recommends that the **SENATE RECEDE** from the Senate amendments as printed on HJ pages 1262-1264, adopt amendments as follows, and place HB 1440 on the Seventh order:

That the Senate recede from its amendments as printed on pages 1262-1264 of the House Journal and pages 1149-1151 of the Senate Journal and that Engrossed House Bill No. 1440 be amended as follows:

Page 1, line 1, after "A BILL" replace the remainder of the bill with "for an Act to create and enact sections 61-35-26.1, 61-35-26.2, 61-35-26.3, and 61-35-26.4 of the North

Dakota Century Code, relating to water services by cities and water districts and state water commission policies on funds for water districts and cities.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. Section 61-35-26.1 of the North Dakota Century Code is created and enacted as follows:

61-35-26.1. Statement of intent.

It is the intent of the legislative assembly that potable water should be available in sufficient quality and quantity to meet citizens' needs for a healthy and safe standard of living and to promote economic growth and development. In order to meet this objective in the most economical way, water service districts and city water service systems shall coordinate their service plans. Competition for users and duplication of service must be avoided whenever possible.

SECTION 2. Section 61-35-26.2 of the North Dakota Century Code is created and enacted as follows:

61-35-26.2. Plans for water service by providers - Filing plans - Existing agreements.

1. A city planning to expand water service through annexation shall develop a city water service area plan. The city shall consult with any other water service provider, including a district, whose water service area is affected by the city's water service area plan of the establishment of the plan.
2. The city shall file the city water service area plan with the commission. Upon filing of the plan with the commission, the city may proceed with water service to the annexed area as provided in section 61-35-26. A city water service area plan is enforceable when there is a water service agreement among the water service providers, including a district, that are encompassed by or which abut the water service area boundary.
3. Sections 61-35-26.1 through 61-35-26.4 do not supersede an existing water service agreement between a city and a district.

SECTION 3. Section 61-35-26.3 of the North Dakota Century Code is created and enacted as follows:

61-35-26.3. State water commission funding.

Before providing a grant or loan to a district or city for a water service project in any area within the extraterritorial zoning jurisdiction of any affected city, the commission shall require that district and city to have a water service agreement. The absence of a water service agreement may not affect the funding by the commission of other projects for a district or city which are not related to potable water service and are not located within the extraterritorial zoning jurisdiction.

SECTION 4. Section 61-35-26.4 of the North Dakota Century Code is created and enacted as follows:

61-35-26.4. Water service agreement - Mediation - Administrative law judge.

1. If a water service agreement between the district and the city is not executed within sixty days after the city notifies the district that a city water service area plan has been developed, the matter must be submitted to a committee for mediation. The committee must be comprised of a mediator retained jointly by the city and the district, two members appointed by the governing body of the city, and two members appointed by the district. The retained mediator shall arrange and preside over the mediation proceedings.

2. If the mediation committee is unable to resolve the dispute to the satisfaction of the parties involved, either party may petition the office of administrative hearings to appoint an administrative law judge to determine the terms of the water service agreement. Before a hearing may be held, at least two weeks' written notice must be given to the parties involved in the dispute. At the hearing, the retained mediator who presided over the mediation proceedings may provide information to the administrative law judge on the dispute between the parties involved and any proposed resolutions or recommendations made by a majority of the members appointed to the committee. Any resident of or person owning property in a city or district involved in the dispute, or a representative of such a resident or property owner, and any representative of a city or district involved, may appear at the hearing and present evidence on any matter to be determined by the administrative law judge. A decision by the administrative law judge must consider the following factors related to water service in the annexed area in making a decision under this subsection:
- a. The recommendation of the mediation committee;
 - b. The firefighting flow capacity of the water system;
 - c. The anticipated growth patterns of the district and city involved in the dispute;
 - d. Special conditions or needs, including topographic or physical features influencing service;
 - e. The system capacity and trunk main delivery structure of each provider;
 - f. The age, condition, and worth of the affected existing infrastructure;
 - g. Outstanding debt attributable to current users;
 - h. The impact on future revenues lost from existing and future customers;
 - i. Whether development would have occurred without annexation; and
