The energy conservation revolving loan fund consists of all moneys transferred into the fund, interest upon moneys in the fund, and collections of interest and principal on loans made from the fund. The moneys in the fund are appropriated on a continuing basis for disbursement under the requirements of this chapter.

Loan guidelines adopted by department of commerce - Loan application.

The department of commerce shall develop policies and guidelines for granting loans under this chapter. The guidelines must establish income eligibility criteria for homeowners or renters of homeowners at equal to or less than one hundred fifty percent of the federal poverty guidelines. The guidelines must provide that a loan granted under this chapter to an eligible homeowner may not exceed six thousand dollars. An application for a loan under this chapter must be made to the department. If the department approves the application of a qualified applicant, the

department shall forward the application to the Bank of North Dakota for further review.

Loan terms and conditions.

The Bank of North Dakota may make a no-interest loan to an eligible applicant in consideration of the homeowner contracting with the Bank and granting the Bank a mortgage or other security interest to secure the loan. The contract with the homeowner must provide that the loan must be repaid in full within ninety days of the sale of the property or the death of the homeowner. The contract with a homeowner renting the property to an eligible low-income or moderate-income renter must also provide that the loan must be repaid in ten equal annual payments. The Bank shall allow the homeowner the option of repaying the loan earlier. The Bank may take any action necessary to negotiate a loan under this chapter and to preserve security under this chapter, including any right of redemption. The Bank may deduct annually, as a service fee for administering the loan fund, one-half of one percent of the principal balance of the outstanding loans from the energy conservation revolving loan fund and may recover from the fund any amounts actually expended by the Bank for legal fees to effect a redemption.

SECTION 2. APPROPRIATION. There is appropriated out of any moneys in the general fund in the state treasury, not otherwise appropriated, the sum of \$1,000,000, or so much of the sum as may be necessary, to the Bank of North Dakota for the purpose of funding the energy conservation revolving loan fund as provided under section 1 of this Act, for the biennium beginning July 1, 2013, and ending June 30, 2015.
