10 has been requested, must be filed with the court. The report must contain:

- 19 a. An evaluation of a respondent's physical condition may be made only by a

- 29 3. If the expert examiner concludes that the respondent is not a person requiring
30 treatment, the court may without taking any other additional action terminate the
31 proceedings and dismiss the petition. If the expert examiner concludes that the

1 respondent is a person requiring treatment, or makes no conclusion thereon, the court
2 shall set a date for hearing and shall give notice of hearing to the persons designated

10 preliminary hearing is not required, the treatment hearing must be held within four
11 days, exclusive of weekends and holidays, of the date the court received the expert

16 A patient who has requested release or ~~a person~~ an individual who is the subject of a
17 petition for treatment has the right to refuse medication and other forms of treatment before the
18 preliminary or treatment hearing. However, a physician, a physician assistant, or an advanced
19 practice registered nurse may prescribe medication or a less restrictive alternative if it is
20 necessary to prevent bodily harm to the respondent or others or to prevent imminent
21 deterioration of the respondent's physical or mental condition. The patient has the right to be
22 free of the effects of medication at the preliminary or treatment hearing by discontinuance of
23 medication no later than twenty-four hours before the hearing unless, in the opinion of the
24 ~~prescribing physician~~ prescriber, the need for the medication still exists or discontinuation would
25 hamper the respondent's preparation for and participation in the proceedings.

26 **SECTION 9. AMENDMENT.** Section 25-03.1-17 of the North Dakota Century Code is
27 amended and reenacted as follows:

28 **25-03.1-17. Involuntary treatment - Right to preliminary hearing.**

30 mentally ill person or to be ~~suffering from a combination of chemical dependency and mental-~~
31 ~~illness~~ a person who is both mentally ill and chemically dependent is entitled to a preliminary

1 hearing. At the preliminary hearing the magistrate shall review the medical report. During the
2 hearing the petitioner and the respondent must be afforded an opportunity to testify and to
3 present and cross-examine witnesses, and the court may receive the testimony of any other
4 interested person. The magistrate may receive evidence that would otherwise be inadmissible
5 at a treatment hearing. At the conclusion of the hearing, if the court does not find probable
6 cause to believe that the individual is a person requiring treatment, the petition must be
7 dismissed. The ~~person~~individual must be ordered discharged from the treatment facility if that
8 ~~person~~individual has been detained before the hearing. If the court finds probable cause to
9 believe that the respondent is a person requiring treatment, it shall consider less restrictive
10 alternatives to involuntary detention and treatment. The court may then order the respondent to
11 undergo up to fourteen days' treatment under a less restrictive alternative or, if it finds that
12 alternative treatment is not in the best interests of the respondent or others, it shall order the
13 respondent detained for up to fourteen days for involuntary treatment in a treatment facility.

14 The court shall specifically state to the respondent and give written notice that if involuntary
15 treatment beyond the fourteen-day period is to be sought, the respondent will have the right to a
16 treatment hearing as required by this chapter.

17 **SECTION 10. AMENDMENT.** Section 25-03.1-18.1 of the North Dakota Century Code is
18 amended and reenacted as follows:

19 **25-03.1-18.1. Court-authorized involuntary treatment with prescribed medication.**

20 1. a. Upon notice and hearing, a treating psychiatrist may request authorization from
21 the court to treat a ~~person~~an individual under a mental health treatment order
22 with prescribed medication. The request may be considered by the court in an
23 involuntary treatment hearing. As a part of the request, the treating psychiatrist
24 and another licensed physician-~~or~~, physician assistant, psychiatrist, or advanced
25 practice registered nurse not involved in the current diagnosis or treatment of the
26 patient shall certify:

27 (1) That the proposed prescribed medication is clinically appropriate and
28 necessary to effectively treat the patient and that the patient is a person
29 requiring treatment;

- 1 (2) That the patient was offered that treatment and refused it or that the patient
2 lacks the capacity to make or communicate a responsible decision about
3 that treatment;
- 4 (3) That prescribed medication is the least restrictive form of intervention
5 necessary to meet the treatment needs of the patient; and
- 6 (4) That the benefits of the treatment outweigh the known risks to the patient.
- 7 b. The court shall inquire whether the patient has had a sufficient opportunity to
8 adequately prepare to meet the issue of involuntary treatment with prescribed
9 medication and, at the request of the patient, the court may continue the
10 involuntary treatment hearing for a period not exceeding seven days or may
11 appoint an independent expert examiner as provided in subsection 4.
- 12 2. a. Evidence of the factors certified under subsection 1 may be presented to the
13 court at an involuntary treatment hearing held pursuant to sections 25-03.1-19
14 and 25-03.1-22, or at a separate hearing after motion and notice. The court in
15 ruling on the requested authorization for involuntary treatment with prescribed
16 medication shall consider all relevant evidence presented at the hearing,
17 including:
- 18 (1) The danger the patient presents to self or others;
19 (2) The patient's current condition;
20 (3) The patient's treatment history;
21 (4) The results of previous medication trials;
22 (5) The efficacy of current or past treatment modalities concerning the patient;
23 (6) The patient's prognosis; and
24 (7) The effect of the patient's mental condition on the patient's capacity to
25 consent.
- 26 b. Involuntary treatment with prescribed medication may not be authorized by the
27 court solely for the convenience of facility staff or for the purpose of punishment.
- 28 3. If the factors certified under subsection 1 have been demonstrated by clear and
29 convincing evidence, the court may include in its involuntary treatment order a
30 provision, or it may issue a separate order after notice and hearing, authorizing the
31 treating psychiatrist to involuntarily treat the patient with prescribed medication on

1 such terms and conditions as are appropriate. The order for involuntary treatment with
2 prescribed medication, however, may not be in effect for more than ninety days.

3 4. If a patient has requested an examination by an independent expert examiner under
4 this chapter, and if the treating psychiatrist has requested authorization for involuntary
5 treatment with prescribed medication, only a psychiatrist may independently examine
6 the patient as to the issue of involuntary treatment with prescribed medication.

7 **SECTION 11. AMENDMENT.** Section 25-03.1-19 of the North Dakota Century Code is
8 amended and reenacted as follows:

9 **25-03.1-19. Involuntary treatment hearing.**

10 The involuntary treatment hearing, unless waived by the respondent or the respondent has
11 been released as a person not requiring treatment, must be held within fourteen days of the
12 preliminary hearing. If the preliminary hearing is not required, the involuntary treatment hearing
13 must be held within four days, exclusive of weekends and holidays, of the date the court
14 received the expert examiner's report, not to exceed fourteen days from the time the petition
15 was served. The court may extend the time for hearing for good cause. The respondent has the
16 right to an examination by an independent expert examiner if so requested. If the respondent is
17 indigent, the county of residence of the respondent shall pay for the cost of the examination and
18 the respondent may choose an independent expert examiner.

19 The hearing must be held in the county of the respondent's residence or location or the
20 county where the state hospital or treatment facility treating the respondent is located. At the
21 hearing, evidence in support of the petition must be presented by the state's attorney, private
22 counsel, or counsel designated by the court. During the hearing, the petitioner and the
23 respondent must be afforded an opportunity to testify and to present and cross-examine
24 witnesses. The court may receive the testimony of any other interested person. All
25 ~~persons~~individuals not necessary for the conduct of the proceeding must be excluded, except
26 that the court may admit ~~persons~~individuals having a legitimate interest in the proceeding. The
27 hearing must be conducted in as informal a manner as practical, but the issue must be tried as
28 a civil matter. Discovery and the power of subpoena permitted under the North Dakota Rules of
29 Civil Procedure are available to the respondent. The court shall receive all relevant and material
30 evidence ~~which~~that may be offered as governed by the North Dakota Rules of Evidence. There

1 is a presumption in favor of the respondent, and the burden of proof in support of the petition is
2 upon the petitioner.

3 If, upon completion of the hearing, the court finds that the petition has not been sustained
4 by clear and convincing evidence, ~~the court~~ shall deny the petition, terminate the proceeding,
5 and order that the respondent be discharged if the respondent has been hospitalized before the
6 hearing.

7 **SECTION 12. AMENDMENT.** Subsection 3 of section 25-03.1-21 of the North Dakota
8 Century Code is amended and reenacted as follows:

- 9 3. If a peace officer, physician either in person or directing an emergency medical
10 services professional, psychiatrist, physician assistant, clinical psychologist, advanced
11 practice registered nurse, or any mental health professional reasonably believes that
12 the respondent is not complying with an order for alternative treatment, that the
13 alternative treatment is not sufficient to prevent harm or injuries to the respondent or
