9        **54-17-40. (Effective through June 30, ~~2015~~2017) Housing incentive fund - Continuing**  
10 **appropriation - Report to budget section.**

- 11        1. The housing incentive fund is created as a special revolving fund at the Bank of North

13 continuing appropriation from the fund is provided for that purpose.
- 14        2. After a public hearing, the housing finance agency shall create an annual allocation  
15 plan for the distribution of the fund. At least twenty-five percent of the fund must be  
16 used to assist developing communities to address an unmet housing need or alleviate  
17 a housing shortage. The agency may collect a reasonable administrative fee from the  
18 fund, project developers, applicants, or grant recipients. The origination fee assessed  
19 to grant recipients may not exceed five percent of the project award.

20                The annual allocation plan must give first priority through its scoring and ranking  
21 process to housing for essential service workers. For purposes of this subsection,  
22 "essential service workers" means individuals employed by a city, county, school  
23 district, medical or long-term care facility, the state of North Dakota, or others as

25                The second priority in the annual allocation plan must be to provide housing for  
26 individuals and families of low or moderate income. For purposes of this second  
27 priority, eligible income limits are determined as a percentage of median family income  
28 as published in the most recent federal register notice. Under this second priority, the

2 housing and urban development section 8 payment standards.

3 The housing finance agency shall maintain a register reflecting the number of  
4 housing units owned or master leased by cities, counties, school districts, or other  
5 employers of essential service workers. This register must also reflect those entities  
6 that are providing rent subsidies for their essential workers. The housing finance  
7 agency shall report quarterly to the budget section of the legislative management on  
8 the progress being made to reduce the overall number of units owned, master leased,  
9 or subsidized by these entities. This report must include a listing of projects approved  
10 and number of units within those projects that provide housing for essential service  
11 workers.

- 12 3. The housing finance agency shall adopt guidelines for the fund so as to address  
13 unmet housing needs in this state. Assistance from the fund may be used solely for:
- 14 a. New construction, rehabilitation, or acquisition of a multifamily housing project;
  - 15 b. Gap assistance, matching funds, and accessibility improvements;
  - 16 c. Assistance that does not exceed the amount necessary to qualify for a loan using  
17 underwriting standards acceptable for secondary market financing or to make the  
18 project feasible; and
  - 19 d. Rental assistance, emergency assistance, or targeted supportive services  
20 designated to prevent homelessness.
- 21 4. Eligible recipients include units of local, state, and tribal government; local and tribal  
22 housing authorities; community action agencies; regional planning councils; and  
23 nonprofit organizations and for-profit developers of multifamily housing. Individuals  
24 may not receive direct assistance from the fund.
- 25 5. Except for subdivision d of subsection 3, assistance is subject to repayment or  
26 recapture under the guidelines adopted by the housing finance agency. Any  
27 assistance that is repaid or recaptured must be deposited in the fund and is  
28 appropriated on a continuing basis for the purposes of this section.
