21      ~~before June first of each year thereafter, the director shall notify each service area of~~  
22      ~~its formula payment for the subsequent calendar year.~~

23      2. The director shall distribute fifty percent of the amount of each service area's formula  
24      payment determined under subsection 1, within the limits of legislative appropriation,  
25      on or before January tenth.

26      3. a. By June first of each year, the director shall recalculate the total formula payment  
27      for each service area pursuant to section ~~50-34-0750-34-04~~ for the current  
28      calendar year based on each service area's most recently available case-month  
29      data.

30      b. If the recalculated formula payment results in an increase of five percent or less  
31      or a decrease of five percent or less as compared to the formula payment

1 determined under subsection 1, the director shall distribute fifty percent of the  
2 amount of each service area's formula payment determined under subsection 1,  
3 within the limits of legislative appropriation, on or before June fifteenth.

4 c. If the recalculated formula payment results in an increase of more than five  
5 percent as compared to the formula payment determined under subsection 1,  
6 the director shall calculate the remainder of each service area's formula payment  
7 by subtracting one hundred five percent of the amount ~~distributed~~determined  
8 under subsection 21 from the amount determined under subdivision a and add  
9 the resulting amount to the amount distributed under subsection 2. The director  
10 shall distribute the remainder of each service area's formula payment as  
11 determined under this subdivision, within the limits of legislative appropriation, on  
12 or before June fifteenth.

13 d. If the recalculated formula payment results in a decrease of more than five  
14 percent as compared to the formula payment determined under subsection 1, the  
15 director shall calculate the remainder of each service area's formula payment by  
16 subtracting ninety-five percent of the amount determined under subsection 1 from  
17 the amount determined under subdivision a and add the resulting amount to the  
18 amount distributed under subsection 2. The director shall distribute the remainder  
19 of each service area's formula payment as determined under this subdivision,  
20 within the limits of legislative appropriation, on or before June fifteenth.

21 4. For payments disbursed after calendar year 2018, the director shall subtract from a  
22 service area's June fifteenth disbursement any amount exceeding the limitation under  
23 section ~~50-34-08~~50-34-05.

24 ~~**50-34-03. State-paid property tax relief credit replacement - Distributions by the**~~  
25 ~~**director.**~~

26 ~~1. On or before October first of each year, the director shall calculate the amount payable~~  
27 ~~to each county in the ensuing budget year as a result of the state-paid property tax~~  
28 ~~relief credit replacement. A county's state-paid property tax relief credit replacement~~  
29 ~~payment must be calculated as follows:~~

30 ~~a. For a county located in a service area that encompasses only one county,~~  
31 ~~subtract the county's service area formula payment determined under~~

1 ~~subsection 1 of section 50-34-02 from the sum of the amount the county received~~  
2 ~~in calendar year 2017 pursuant to section 57-20-07.2 and fifty percent of the~~  
3 ~~amount the county received in fiscal year 2015 for specified state distributions.~~

4 ~~b. For a county located in a service area that encompasses more than one county,~~  
5 ~~subtract the county's share of the formula payment determined for each service~~  
6 ~~area under subsection 1 of section 50-34-02 from the sum of the amount the~~  
7 ~~county received in calendar year 2017 pursuant to section 57-20-07.2 and fifty~~  
8 ~~percent of the county's share of specified state distributions in fiscal year 2015.~~  
9 ~~The county's share of the formula payment and specified state distributions is~~  
10 ~~calculated as the amount the county received in calendar year 2017 pursuant to~~  
11 ~~section 57-20-07.2 proportional to the combined total amounts that all the~~  
12 ~~counties in the service area received in calendar year 2017 pursuant to section~~  
13 ~~57-20-07.2.~~

14 ~~2. The director shall distribute the amount of each county's state-paid property tax relief~~  
15 ~~credit replacement payment determined under subsection 1, within the limits of~~  
16 ~~legislative appropriation, on or before January thirty-first of each year. The amount~~  
17 ~~calculated for distribution to a county under this section must be applied to reduce a~~  
18 ~~county's general fund levy in accordance with subsection 3.~~

19 ~~3. On or before October fifteenth of each year, the tax commissioner shall notify each~~  
20 ~~county of the amount calculated for distribution to the county under subsection 2. The~~  
21 ~~county auditor shall calculate a county's required mill levy reduction by dividing the~~  
22 ~~amount calculated for distribution to a county under subsection 2 by the county's~~  
23 ~~current year taxable value. If the amount of a county's general fund mill levy is not~~  
24 ~~sufficient to account for the entire required reduction, the county must reduce an~~  
25 ~~additional county-wide levy to account for the remainder of the required reduction.~~

26 ~~4. For purposes of this section, "specified state distributions" means the amount of state~~  
27 ~~and federal funding a county received in fiscal year 2015 for day care licensing, family~~  
28 ~~preservation programs, child abuse and neglect services, Indian county services, and~~  
29 ~~county administration.~~

1 **50-34-04. Baseline funding amounts - Calculation of formula payment.**

2 1. The director shall calculate each service area's base year case-month totals and direct  
3 gross expenditures. A service area's direct gross expenditures include the actual  
4 amount expended within a service area in the base year for staffing and administrative  
5 costs related to the administration of economic assistance and social service  
6 programs as well as eligible federally allowable indirect costs. For purposes of this  
7 subsection, "eligible federally allowable indirect costs" means twenty-five percent of  
8 the average of the federally allowable indirect costs allocated to each service area in  
9 calendar years 2012, 2013, and 2014.

10 2. The director shall calculate each service area's base rate per economic assistance  
11 case-month by dividing the service area's economic assistance net expenditures by  
12 the economic assistance case-months reported for the service area in the base year.

13 ~~a. For purposes of this subsection, "economic assistance net expenditures" means~~  
14 ~~the amount calculated by subtracting the amount paid to the service area in the~~  
15 ~~base year for services reimbursed by medical assistance from the service area's~~  
16 ~~economic assistance ~~adjusted~~ base year gross expenditures.~~

17 ~~b. For calendar year 2018 formula payment calculations, the base rate per~~  
18 ~~economic assistance case month is equal to twenty two dollars and~~  
19 ~~seventy eight cents. For calendar year 2019 formula payment calculations, the~~  
20 ~~base rate per economic assistance case month is equal to twenty three dollars~~  
21 ~~and ninety two cents.~~

22 3. The director shall calculate each service area's base rate per social service  
23 case-month by dividing the service area's social service net expenditures by the social  
24 service case-months reported for the service area in the base year.

25 ~~a. For purposes of this subsection, "social service net expenditures" means the~~  
26 ~~amount calculated by subtracting the amount paid to the service area in the base~~  
27 ~~year for services reimbursed by medical assistance from the service area's social~~  
28 ~~service ~~adjusted~~ base year gross expenditures.~~

29 ~~b. For calendar year 2018 formula payment calculations, the base rate per social~~  
30 ~~service case month is equal to five hundred sixty eight dollars and seventy eight~~  
31 ~~cents. For calendar year 2019 formula payment calculations, the base rate per~~

~~social service case month is equal to five hundred ninety seven dollars and  
twenty two cents~~

~~4. The director shall calculate the total formula payment by summing the following:~~

~~a. The product of the service area's rate per economic assistance case-month and  
the service area's most recently available economic assistance caseload data.~~

~~b. The product of the service area's rate per social service case-month and the  
service area's most recently available social service caseload data.~~

~~**50-34-05. Economic assistance caseload weighting factor - Determination.**~~

~~1. The director shall assign an economic assistance caseload weighting factor of:~~

~~a. 1.00 to each service area with a yearly economic assistance case month count of  
at least 250,000;~~

~~b. 1.60 to each service area with a yearly economic assistance case month count of  
fewer than 250,000 but at least 45,000;~~

~~c. 1.75 to each service area with a yearly economic assistance case month count of  
fewer than 45,000 but at least 22,000;~~

~~d. 2.00 to each service area with a yearly economic assistance case month count of  
fewer than 22,000 but at least 8,000;~~

~~e. 2.20 to each service area with a yearly economic assistance case month count of  
fewer than 8,000 but at least 5,000; and~~

~~f. 2.35 to each service area with a yearly economic assistance case month count of  
fewer than 5,000.~~

~~2. The weighted rate per economic assistance case month must be determined by  
multiplying the weighting factor assigned to each service area under this section by  
the base rate per economic assistance case month.~~

~~**50-34-06. Social service caseload weighting factor - Determination.**~~

~~1. The director shall assign a social service caseload weighting factor of:~~

~~a. 1.00 to each service area with a yearly social service case month count of at  
least 10,000;~~

~~b. 1.35 to each service area with a yearly social service case month count of fewer  
than 10,000 but at least 1,800;~~

1 ~~c. 1.50 to each service area with a yearly social service case-month count of fewer~~  
2 ~~than 1,800 but at least 900;~~

3 ~~d. 1.60 to each service area with a yearly social service case-month count of fewer~~  
4 ~~than 900 but at least 210;~~

5 ~~e. 2.00 to each service area with a yearly social service case-month count of fewer~~  
6 ~~than 210 but at least 145; and~~

7 ~~f. 2.50 to each service area with a yearly social service case-month count of fewer~~  
8 ~~than 145.~~

9 ~~2. The weighted rate per social service case-month must be determined by multiplying~~  
10 ~~the weighting factor assigned to each service area under this section by the base rate~~  
11 ~~per social service case-month.~~

12 ~~**50-34-07. Calculation of formula payment - Minimum and maximum allowable**~~  
13 ~~**increases.**~~

14 ~~1. The director shall calculate the total formula payment by summing the following:~~

15 ~~a. The product of the service area's weighted rate per economic assistance~~  
16 ~~case-month and the service area's most recently available economic assistance~~  
17 ~~caseload data.~~

18 ~~b. The product of the service area's weighted rate per social service case-month~~  
19 ~~and the service area's most recently available social service caseload data.~~

20 ~~2. The director shall adjust the total formula payment as calculated in subsection 1 for~~  
21 ~~minimum and maximum allowable increases as follows:~~

22 ~~a. For calendar year 2018 formula payment calculations, the formula payment must~~  
23 ~~be at least one hundred two percent but no more than one hundred ten percent~~  
24 ~~of the service area's combined economic assistance adjusted base year gross~~  
25 ~~expenditures and social services adjusted base year gross expenditures.~~

26 ~~However, if the case-month totals in the service area's most recently available~~  
27 ~~case-month data have increased by more than five percent compared to the~~  
28 ~~service area's case-month totals reported in the previous year for either~~

29 ~~economic assistance cases or social service cases, the formula payment may~~  
30 ~~exceed one hundred ten percent of the service area's combined economic~~  
31 ~~assistance adjusted base year gross expenditures and social services adjusted~~

1 ~~base year gross expenditures by the amounts calculated in subdivisions c and d~~  
2 ~~of this subsection.~~

3 ~~b. For calendar year 2019 formula payment calculations, the formula payment must~~  
4 ~~be at least one hundred four percent but no more than one hundred twenty~~  
5 ~~percent of the service area's combined economic assistance adjusted base year~~  
6 ~~gross expenditures and social services adjusted base year gross expenditures.~~  
7 ~~However, if the case-month totals in the service area's most recently available~~  
8 ~~case-month data have increased by more than five percent compared to the~~  
9 ~~service area's case-month totals reported in the previous year for either~~  
10 ~~economic assistance cases or social service cases, the formula payment may~~  
11 ~~exceed one hundred twenty percent of the service area's combined economic~~  
12 ~~assistance adjusted base year gross expenditures and social services adjusted~~  
13 ~~base year gross expenditures by the amounts calculated in subdivisions c and d~~  
14 ~~of this subsection.~~

15 ~~c. If the economic assistance case-month totals in the service area's most recently~~  
16 ~~available case-month data have increased by more than five percent compared~~  
17 ~~to the service area's economic assistance case-month totals reported in the~~  
18 ~~previous year, the formula payment may be increased by the amount resulting~~  
19 ~~from multiplying the service area's weighted rate per economic assistance~~  
20 ~~case-month by the number of economic assistance case-months that exceed one~~  
21 ~~hundred and five percent of the economic assistance case-month totals reported~~  
22 ~~in the previous year.~~

23 ~~d. If the social service case-month totals in the service area's most recently~~  
24 ~~available case-month data have increased by more than five percent compared~~  
25 ~~to the service area's social service case-month totals reported in the previous~~  
26 ~~year, the formula payment may be increased by the amount resulting from~~  
27 ~~multiplying the service area's weighted rate per social service case-month by the~~  
28 ~~number of social service case-months that exceed one hundred and five percent~~  
29 ~~of the social service case-month totals reported in the previous year.~~

30 ~~3. The director shall adjust the total formula payment as calculated in subsection 2 for~~  
31 ~~reimbursements as follows:~~

1 ~~a. The services reimbursed by medical assistance, service payments for the elderly~~  
2 ~~and disabled, and expanded service payments for the elderly and disabled to the~~  
3 ~~service area in the base year must be subtracted from the total formula payment~~  
4 ~~as calculated in subsection 2.~~

5 ~~b. The first ten thousand dollars of services reimbursed by medical assistance,~~  
6 ~~service payments for the elderly and disabled, and expanded service payments~~  
7 ~~for the elderly and disabled to the service area, based on the most recently~~  
8 ~~reported reimbursement data, must be added to the total formula payment as~~  
9 ~~calculated in subdivision a of this subsection.~~

10 ~~c. Twenty-five percent of the remaining amount of services reimbursed by medical~~  
11 ~~assistance, service payments for the elderly and disabled, and expanded service~~  
12 ~~payments for the elderly and disabled to the service area must be added to the~~  
13 ~~total formula payment as calculated in subdivision b of this subsection.~~

14 **50-34-0850-34-05. Service area human services fund - Establishment - Fund balance**  
15 **limitations.**

16 Each service area in this state shall maintain a fund to be known as the service area human  
17 services fund. All expenditures by the service area for the relief of the needy must be paid from  
18 the service area human services fund. If, due to unforeseen or other extenuating  
19 circumstances, a service area's formula distribution payment is not sufficient to meet the  
20 expenses of that service area, the board of county commissioners may approve a transfer from  
21 the county's general fund to the service area human services fund upon a majority vote of all  
22 members. The balance of moneys in the fund on January first of each year may not exceed  
23 ~~thirty-five percent of the annual budget for the service area in the previous year or one five~~  
24 ~~hundred thousand dollars, whichever is greater for a service area that had annual expenditures~~  
25 ~~of two million dollars or greater in calendar year 2015 or one hundred thousand dollars for a~~  
26 ~~service area that had annual expenditures of less than two million dollars in calendar year 2015.~~

27 **50-34-0950-34-06. Service area human services fund - Transfer.**

28 If on January 1, 2018, the balance of a service area human services fund exceeds the  
29 limitations in section ~~50-34-0850-34-05~~, the county treasurer shall transfer the amount  
30 exceeding the limitations in section ~~50-34-0850-34-05~~ to the designated county general fund  
31 within that service area. A county receiving a transfer shall reduce its county general fund mill

1 levy for taxable year 2018 by an equivalent amount. If the amount of a county's general fund  
2 mill levy is not sufficient to account for the entire required reduction, the county shall reduce an  
3 additional county-wide mill levy for taxable year 2018 to account for the remainder of the  
4 required reduction. If on January 1, 2019, ~~and on January first of each year thereafter,~~ the  
5 balance of a service area human services fund exceeds the limitations in section  
6 ~~50-34-0850-34-05~~, the director shall reduce the service area's formula payment as directed in  
7 subsection 4 of section ~~50-34-0250-34-03~~.

8 ~~**50-34-10. Service area consolidations -- Caseload weighting factor adjustments --**~~  
9 ~~**Transition:**~~

- 10 ~~1. The director shall create and assign a separate caseload weighting factor to any group~~  
11 ~~of service areas that consolidate after December 31, 2017, for the purpose of~~  
12 ~~administering economic assistance and social service programs.~~
- 13 ~~2. For purposes of this section, a "consolidated service area" means two or more service~~  
14 ~~areas that combine for the purpose of administering economic assistance and social~~  
15 ~~service programs and operate under a single board and a single director and make~~  
16 ~~payments from a merged annual budget and one pool of funds. Consolidations under~~  
17 ~~this section are subject to the procedures provided for multicounty social service~~  
18 ~~districts under chapter 50-01.1.~~
- 19 ~~3. For the first taxable year following the consolidation, the director shall calculate a~~  
20 ~~combined weighting factor to allow the consolidated service area to receive a weighted~~  
21 ~~rate equivalent to that which each separate service area would have received had the~~  
22 ~~consolidation not taken place.~~
- 23 ~~4. For the second taxable year following the consolidation, the director shall calculate a~~  
24 ~~combined weighting factor to allow the consolidated service area to receive a weighted~~  
25 ~~rate equal to ninety percent of the difference between the weighting factor calculated~~  
26 ~~in subsection 3 and the weighted rate that would otherwise be applicable to the~~  
27 ~~consolidated service area based on the combined caseloads.~~
- 28 ~~5. For the third taxable year following the consolidation, the director shall calculate a~~  
29 ~~combined weighting factor to allow the consolidated service area to receive a payment~~  
30 ~~rate equal to eighty percent of the difference between the factor calculated in~~

~~subsection 3 and the weighted rate that would otherwise be applicable to the consolidated service area based on the combined caseloads.~~

~~6. For the fourth taxable year following the consolidation, the director shall calculate a combined weighting factor to allow the consolidated service area to receive a weighted rate equal to seventy percent of the difference between the factor calculated in subsection 3 and the rate that would otherwise be applicable to the consolidated service area based on the combined caseloads.~~

~~7. For the fifth taxable year following the consolidation, the director shall calculate a combined weighting factor to allow the consolidated service area to receive a weighted rate equal to sixty percent of the difference between the factor calculated in subsection 3 and the weighted rate that would otherwise be applicable to the consolidated service area based on the combined caseloads.~~

~~8. For the sixth taxable year following the consolidation and all future taxable years in which the consolidation continues, the director shall calculate a combined weighting factor to allow the consolidated service area to receive a weighted rate equal to fifty percent of the difference between the factor calculated in subsection 3 and the weighted rate that would otherwise be applicable to the consolidated service area based on the combined caseloads.~~

**50-34-1150-34-07. Authority to withhold funding.**

Notwithstanding subsection 2 of section 50-01.2-06, if a service area fails to perform duties directed or assigned and supervised by the department of human services, the department of human services may withhold funding from the service area. The amount withheld may not exceed double the actual cost of the duty that was not performed, the per activity amount from the formula, the cost to the department of human services, or the amount of a federal penalty imposed as a result of the duty that was not performed.

**50-34-08. Social services finance fund.**

The social services finance fund is a special fund in the state treasury. Moneys in the fund may be used, subject to legislative appropriation, for the provision of formula payments to service areas pursuant to this chapter.

4           section, the dollar amount levied in the base year must be:
- 5           a. Reduced by an amount equal to the sum determined by application of the base  
6           year's calculated mill rate for that taxing district to the final base year taxable  
7           valuation of any taxable property and property exempt by local discretion or  
8           charitable status which is not included in the taxing district for the budget year but  
9           was included in the taxing district for the base year.
- 10          b. Increased by an amount equal to the sum determined by the application of the  
11          base year's calculated mill rate for that taxing district to the final budget year  
12          taxable valuation of any taxable property or property exempt by local discretion or  
13          charitable status which was not included in the taxing district for the base year  
14          but which is included in the taxing district for the budget year.
- 15          c. Reduced to reflect expired temporary mill levy increases authorized by the  
16          electors of the taxing district. For purposes of this subdivision, an expired  
17          temporary mill levy increase does not include a school district general fund mill  
18          rate exceeding one hundred ten mills which has expired or has not received  
19          approval of electors for an extension under subsection 2 of section 57-64-03.
- 20          d. ~~If the base year is a taxable year before 2013, reduced~~Reduced by the amount of

- 23               (1) The the base year mill rate of the school district minus sixty mills; or  
24               (2) Fifty fifty mills, if the base year is a taxable year before 2013.
- 25          e. ~~If~~Reduced by the base year human services county levy in dollars if the base  
26          year is a taxable year before 2016;2017 the base year human services county

28          budget levy for the budget year as determined under section 11-23-01.

29       — **SECTION 7. AMENDMENT.** ~~Section 57-15-06 of the North Dakota Century Code is~~  
30       ~~amended and reenacted as follows:~~

1        **57-15-06. County general fund levy.**

2        ~~—The board of county commissioners may levy property taxes for county general fund~~  
3 ~~purposes at a tax rate not exceeding sixty mills per dollar of taxable valuation of property in the~~  
4 ~~county.~~

5        ~~—A county that levied more than sixty mills for taxable year 2015 for the combined number of~~  
6 ~~mills levied for general fund purposes plus the number of mills levied for purposes consolidated~~  
7 ~~into the general fund levy by this Act may levy for general fund purposes for taxable year 2016~~  
8 ~~the same number of mills that was levied for those purposes for taxable year 2015. A county~~  
9 ~~may levy for general fund purposes for taxable year 2017 sixty mills plus seventy five percent of~~  
10 ~~the combined number of mills exceeding sixty that was levied for those purposes for taxable~~  
11 ~~year 2015. A county may levy for general fund purposes for taxable year 2018 sixty mills plus~~  
12 ~~fifty percent of the combined number of mills exceeding sixty that was levied for those purposes~~  
13 ~~for taxable year 2015. A county may levy for general fund purposes for taxable year 2019 sixty~~  
14 ~~mills plus twenty five percent of the combined number of mills exceeding sixty that was levied~~

16        ~~—For taxable years after 2016, the maximum county mill levy for general fund purposes~~  
17 ~~determined under this section or section 57-15-01.1 must be reduced by the number of mills~~  
18 ~~determined pursuant to the calculation under section 50-34-03. If the amount of a county's mill~~  
19 ~~levy for general fund purposes is not sufficient to account for the entire reduction required under~~  
20 ~~section 50-34-03, the county must reduce an additional county-wide mill levy to account for the~~  
21 ~~remainder of the required reduction.~~

22        ~~—Unless a specific exception is provided by statute, the county general fund levy limitation~~  
23 ~~under this section applies to all property taxes the board of county commissioners is authorized~~

25        **SECTION 10. AMENDMENT.** Subsection 3 of section 57-15-01.1 of the North Dakota  
26 Century Code is amended and reenacted as follows:

- 27        3. A taxing district may elect to levy the amount levied in dollars in the base year. Any  
28        levy under this section must be specifically approved by a resolution approved by the  
29        governing body of the taxing district. Before determining the levy limitation under this  
30        section, the dollar amount levied in the base year must be:

- 1 a. Reduced by an amount equal to the sum determined by application of the base  
2 year's calculated mill rate for that taxing district to the final base year taxable  
3 valuation of any taxable property and property exempt by local discretion or  
4 charitable status which is not included in the taxing district for the budget year but  
5 was included in the taxing district for the base year.
- 6 b. Increased by an amount equal to the sum determined by the application of the  
7 base year's calculated mill rate for that taxing district to the final budget year  
8 taxable valuation of any taxable property or property exempt by local discretion or

10 but which is included in the taxing district for the budget year.
- 11 c. Reduced to reflect expired temporary mill levy increases authorized by the  
12 electors of the taxing district. For purposes of this subdivision, an expired
