

HOUSE BILL NO. 1044

Introduced by

Human Services Committee

(At the request of the State Board of Nursing)

1 A BILL for an Act to amend and reenact section 43-12.5-01 of the North Dakota Century Code,
2 relating to the advanced practice registered nurse licensure compact.

3 **BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

4 **SECTION 1. AMENDMENT.** Section 43-12.5-01 of the North Dakota Century Code is
5 amended and reenacted as follows:

6 **43-12.5-01. ~~Advance~~Advanced practice registered nurse licensure ~~company~~compact.**

7 **ARTICLE I - FINDINGS AND DECLARATION OF PURPOSE**

8 1. The party states find that:

- 9 a. The health and safety of the public are affected by the degree of compliance with
10 advanced practice registered nurse licensure requirements and the effectiveness
11 of enforcement activities related to state advanced practice registered nurse
12 licensure laws;
- 13 b. Violations of advanced practice registered nurse licensure and other laws
14 regulating the practice of nursing may result in injury or harm to the public;
- 15 c. The expanded mobility of advanced practice registered nurses and the use of
16 advanced communication and intervention technologies as part of our nation's
17 health care delivery system require greater coordination and cooperation among
18 states in the areas of advanced practice registered nurse licensure and
19 regulation;
- 20 d. New practice modalities and technology make compliance with individual state
21 advanced practice registered nurse licensure laws difficult and complex;
- 22 e. The current system of duplicative advanced practice registered nurse licensure
23 for advanced practice registered nurses practicing in multiple states is
24 cumbersome and redundant for ~~both~~ health care delivery systems, payors, state

- 1 advanced practice registered nurse role that is congruent with an advanced practice
2 registered nurse educational program, certification, and commission rules.
- 3 2. "Advanced practice registered nurse licensure" means the regulatory mechanism used

13 probation, monitoring of the licensee, limitation on the licensee's practice, or any other
14 encumbrance on licensure affecting an advanced practice registered nurse's
15 authorization to practice, including the issuance of a cease and desist action.
- 16 5. "Alternative program" means a non-disciplinary monitoring program approved by a
17 licensing board.
- 18 6. "Coordinated licensure information system" means an integrated process for
19 collecting, storing, and sharing information on advanced practice registered nurse
20 licensure and enforcement activities related to advanced practice registered nurse
21 licensure laws which is administered by a nonprofit organization composed of and
22 controlled by licensing boards.
- 23 7. "Current significant investigatory information" means:
24 a. Investigative information that a licensing board, after a preliminary inquiry that
25 includes notification and an opportunity for the advanced practice registered
26 nurse to respond, if required by state law, has reason to believe is not groundless
27 and, if proved true, would indicate more than a minor infraction; or
28 b. Investigative information that indicates that the advanced practice registered
29 nurse represents an immediate threat to public health and safety regardless of
30 whether the advanced practice registered nurse has been notified and had an
31 opportunity to respond.

- 1 8. "Encumbrance" means a revocation or suspension of, or any limitation on, the full and
2 unrestricted practice of nursing imposed by a licensing board in connection with a
3 disciplinary proceeding.
- 4 9. "Home state" means the party state that is the advanced practice registered nurse's
5 primary state of residence.
- 6 10. "Licensing board" means a party state's regulatory body responsible for regulating the

- 8 11. "Multistate license" means an advanced practice registered nurse license to practice
9 as an advanced practice registered nurse issued by a home state licensing board
10 which authorizes the advanced practice registered nurse to practice as an advanced
11 practice registered nurse in all party states under a multistate licensure privilege, in the
12 same role and population focus as the advanced practice registered nurse is licensed
13 in the home state.
- 14 12. "Multistate licensure privilege" means a legal authorization associated with an
15 advanced practice registered nurse multistate license which permits an advanced
16 practice registered nurse to practice as an advanced practice registered nurse in a
17 remote state, in the same role and population focus as the advanced practice
18 registered nurse is licensed in the home state.
- 19 13. "Noncontrolled prescription drug" means a device or drug that is not a controlled
20 substance and is prohibited under state or federal law from being dispensed without a
21 prescription. The term includes a device or drug that bears or is required to bear the

7 include a multistate licensure privilege to practice in any other party state.

8 ~~19:20.~~ "State" means a state, territory, or possession of the United States and the District of
9 Columbia.

10 ~~20:21.~~ "State practice laws" means a party state's laws, rules, and regulations that govern
11 advanced practice registered nurse practice, define the scope of advanced nursing
12 practice, ~~including prescriptive authority,~~ and create the methods and grounds for
13 imposing discipline except that prescriptive authority must be treated in accordance
14 with subsections 6 and 7 of article III. State practice laws do not include the:

15 a. A party state's laws, rules, and regulations requiring supervision or collaboration
16 with a health care professional, except for laws, rules, and regulations regarding
17 prescribing controlled substances; and

18 b. The requirements necessary to obtain and retain an advanced practice registered
19 nurse license, except for qualifications or requirements of the home state.

20 **ARTICLE III - GENERAL PROVISIONS AND JURISDICTION**

21 1. A state must implement procedures for considering the criminal history records of
22 applicants for initial advanced practice registered nurse licensure or advanced practice
23 registered nurse licensure by endorsement. Such procedures must include the
24 submission of fingerprints or other biometric-based information by advanced practice
25 registered nurse applicants for the purpose of obtaining an applicant's criminal history
26 record information from the federal bureau of investigation and the agency responsible
27 for retaining that state's criminal records.

28 2. ~~By rule, the commission shall adopt the advanced practice registered nurse uniform~~
29 ~~licensure requirements. The uniform licensure requirements must provide the~~
30 ~~minimum requirements for advanced practice registered nurse multistate licensure in~~
31 ~~party states, if the commission may adopt rules whereby an advanced practice~~

1 ~~registered nurse, with an unencumbered license on the effective date of this compact,~~
2 ~~may obtain, by endorsement~~Each party state shall require an applicant to satisfy the
3 following advanced practice registered nurse uniform licensure requirements to obtain
4 ~~or otherwise, and retain a multistate license in a party~~the home state:

5 3. ~~In order to obtain or retain a multistate license, an advanced practice registered nurse~~
6 ~~shall meet, in addition to the uniform licensure requirements,:~~

7 a. Meets the home state's qualifications for licensure or renewal of licensure, as well
8 as, all other applicable home state laws:

10 ~~nurse roles and population foci for licensure as an advanced practice registered~~
11 ~~nurse.:~~

12 b. (1) Has completed an accredited graduate-level education program that
13 prepares the applicant for one of the four recognized roles and population
14 foci; or

15 (2) Has completed a foreign advanced practice registered nurse education
16 program for one of the four recognized roles and population foci that:

17 (a) Has been approved by the authorized accrediting body in the
18 applicable country; and

20 comparable to a licensing board-approved advanced practice
21 registered nurse education program;

22 c. Has, if a graduate of a foreign advanced practice registered nurse program not
23 taught in English or if English is not the individual's native language, successfully
24 passed an English proficiency examination that includes the components of
25 reading, speaking, writing, and listening;

26 d. Has successfully passed a national certification examination that measures
27 advanced practice registered nurse, role and population-focused competencies
28 and maintains continued competence as evidenced by recertification in the role
29 and population focus through the national certification program;

5 predecessor, as applicable;
- 6 g. Has practiced for at least two thousand eighty hours as an advanced practice
7 registered nurse in a role and population focus congruent with the applicant's

9 hours obtained as part of enrollment in an advanced practice registered nurse
10 education program;
- 11 h. Has submitted, in connection with an application for initial licensure or licensure
12 by endorsement, fingerprints or other biometric data for the purpose of obtaining
13 criminal history record information from the federal bureau of investigation and
14 the agency responsible for retaining that state or, if applicable, foreign country's

20 factors set forth in rules adopted by the commission;
- 21 k. Is not currently enrolled in an alternative program;
- 22 l. Is subject to self-disclosure requirements regarding current participation in an
23 alternative program; and
- 24 m. Has a valid United States social security number.
- 25 3. An advanced practice registered nurse issued a multistate license must be licensed in
26 an approved ~~advanced practice registered nurse~~ role and at least one approved
27 population focus.
- 28 5.4. An advanced practice registered nurse multistate license issued by a home state to a
29 resident in that state will be recognized by each party state as authorizing the
30 advanced practice registered nurse to practice as an advanced practice registered
31 nurse in each party state, under a multistate licensure privilege, in the same role and

1 population focus as the advanced practice registered nurse is licensed in the home
2 state. If an applicant does not qualify for a multistate license, a single-state license
3 may be issued by a home state.

4 5. Nothing in this compact shall affect the requirements established by a party state for
5 the issuance of a single-state license, except that an individual may apply for a single-
6 state license, instead of a multistate license, even if otherwise qualified for the
7 multistate license. However, the failure of such an individual to affirmatively opt for a
8 single-state license may result in the issuance of a multistate license.

9 6. Issuance of an advanced practice registered nurse multistate license must include
10 prescriptive authority for noncontrolled prescription drugs, unless the advanced-
11 practice registered nurse was licensed by the home state before the home state's
12 adoption of this compact and has not previously held prescriptive authority.

13 a. ~~An advanced practice registered nurse granted prescriptive authority for~~
14 ~~noncontrolled prescription drugs in the home state may exercise prescriptive~~
15 ~~authority for noncontrolled prescription drugs in any remote state while exercising~~
16 ~~a multistate licensure privilege under an advanced practice registered nurse~~
17 ~~multistate license; the advanced practice registered nurse may not be required to~~
18 ~~meet any additional eligibility requirements imposed by the remote state in~~
19 ~~exercising prescriptive authority for noncontrolled prescription drugs.~~

20 b. ~~Prescriptive authority in the home state for an advanced practice registered nurse~~
21 ~~who was not granted prescriptive authority at the time of initial licensure by the~~
22 ~~home state, before the adoption of this compact, must be determined under~~
23 ~~home state law.~~

24 e. ~~Prescriptive authority eligibility for an advanced practice registered nurse holding~~
25 ~~a single-state license must be determined under the law of the licensing state.~~

26 7. For each state in which an advanced practice registered nurse seeks authority to
27 prescribe controlled substances, the advanced practice registered nurse shall satisfy
28 all requirements imposed by such state in granting and/or renewing such authority.

29 8. An advanced practice registered nurse issued a multistate license may assume
30 responsibility and accountability for patient care independent of any supervisory or
31 collaborative relationship ~~with a physician~~. This authority may be exercised in the

1 home state and in any remote state in which the advanced practice registered nurse
2 exercises a multistate licensure privilege. ~~For an advanced practice registered nurse
3 issued a single state license in a party state, the requirement for a supervisory or
4 collaborative relationship with a physician must be determined under applicable party
5 state law.~~

6 9. All party states are authorized, in accordance with state due process laws, to take
7 adverse action against an advanced practice registered nurse's multistate licensure
8 privilege such as revocation, suspension, probation, or any other action that affects an
9 advanced practice registered nurse's authorization to practice under a multistate
10 licensure privilege, including cease and desist actions. If a party state takes such
11 action, it promptly shall notify the administrator of the coordinated licensure
12 information system. The administrator of the coordinated licensure information system
13 promptly shall notify the home state of any such actions by remote states.

14 10. ~~An~~Except as otherwise expressly provided in this compact, an advanced practice
15 registered nurse practicing in a party state shall comply with the state practice laws of
16 the state in which the client is located at the time service is provided. Advanced
17 practice registered nurse practice is not limited to patient care, but includes all
18 advanced nursing practice as defined by the state practice laws of the party state in
19 which the client is located. Advanced practice registered nurse practice in a party state
20 under a multistate licensure privilege subjects the advanced practice registered nurse
21 to the jurisdiction of the licensing board, the courts, and the laws of the party state in
22 which the client is located at the time service is provided.

23 11. ~~This~~Except as otherwise expressly provided in this compact, this compact does not
24 affect additional requirements imposed by states for advanced practice registered
25 nursing. However, a multistate licensure privilege to practice registered nursing
26 granted by a party state must be recognized by other party states as satisfying any
27 state law requirement for registered nurse licensure as a precondition for authorization
28 to practice as an advanced practice registered nurse in that state.

29 12. Individuals not residing in a party state shall continue to be able to apply for a party
30 state's single-state advanced practice registered nurse license as provided under the
31 laws of each party state. However, the single-state license granted to these individuals

1 will not be recognized as granting the privilege to practice as an advanced practice
2 registered nurse in any other party state.

3 **ARTICLE IV - APPLICATIONS FOR ADVANCED PRACTICE REGISTERED NURSE**
4 **LICENSURE IN A PARTY STATE**

- 5 1. Upon application for an advanced practice registered nurse multistate license, the
6 licensing board in the issuing party state shall ascertain, through the coordinated
7 licensure information system, whether the applicant has ever held or is the holder of a
8 licensed practical/vocational nursing license, a registered nursing license, or an
9 advanced practice registered nurse license issued by any other state, whether there
10 are any encumbrances on any license or multistate licensure privilege held by the
11 applicant, whether any adverse action has been taken against any license or
12 multistate licensure privilege held by the applicant, and whether the applicant is
13 currently participating in an alternative program.
- 14 2. An advanced practice registered nurse may hold a multistate advanced practice
15 registered nurse license, issued by the home state, in only one party state at a time.
- 16 3. If an advanced practice registered nurse changes primary state of residence by
17 moving between two party states, the advanced practice registered nurse shall apply
18 for advanced practice registered nurse licensure in the new home state, and the
19 multistate license issued by the prior home state must be deactivated in accordance
20 with applicable commission rules.
- 21 a. The advanced practice registered nurse may apply for licensure in advance of a
22 change in primary state of residence.
- 23 b. A multistate advanced practice registered nurse license may not be issued by the
24 new home state until the advanced practice registered nurse provides
25 satisfactory evidence of a change in primary state of residence to the new home
26 state and satisfies all applicable requirements to obtain a multistate advanced
27 practice registered nurse license from the new home state.
- 28 4. If an advanced practice registered nurse changes primary state of residence by
29 moving from a party state to a nonparty state, the advanced practice registered nurse
30 multistate license issued by the prior home state converts to a single-state license,
31 valid only in the former home state.

- 1 e. Obtain and submit, for an advanced practice registered nurse licensure applicant,
2 fingerprints or other biometric-based information to the federal bureau of
3 investigation for criminal background checks, receive the results of the federal
4 bureau of investigation record search on criminal background checks and use the
5 results in making licensure decisions.
- 6 f. If otherwise permitted by state law, recover from the affected advanced practice
7 registered nurse the costs of investigations and disposition of cases resulting
8 from any adverse action taken against that advanced practice registered nurse.
- 9 g. Take adverse action based on the factual findings of another party state, if the
10 licensing board follows its own procedures for taking such adverse action.
- 11 2. If adverse action is taken by a home state against an advanced practice registered
12 nurse's multistate licensure, the privilege to practice in all other party states under a
13 multistate licensure privilege must be deactivated until all encumbrances have been
14 removed from the advanced practice registered nurse's multistate license. All home
15 state disciplinary orders that impose adverse action against an advanced practice
16 registered nurse's multistate license must include a statement that the advanced
17 practice registered nurse's multistate licensure privilege is deactivated in all party
18 states during the pendency of the order.
- 19 3. This compact does not override a party state's decision that participation in an
20 alternative program may be used in lieu of adverse action. The home state licensing
21 board shall deactivate the multistate licensure privilege under the multistate license of
22 any advanced practice registered nurse for the duration of the advanced practice
23 registered nurse's participation in an alternative program.

24 **ARTICLE VI - COORDINATED LICENSURE INFORMATION SYSTEM AND EXCHANGE**
25 **INFORMATION**

- 26 1. All party states shall participate in a coordinated licensure information system of all
27 advanced practice registered nurses, licensed registered nurses, and licensed
28 practical/vocational nurses. This system includes information on the licensure and
29 disciplinary history of each advanced practice registered nurse, as submitted by party
30 states, to assist in the coordinated administration of advanced practice registered
31 nurse licensure and enforcement efforts.

- 1 2. The commission, in consultation with the administrator of the coordinated licensure
2 information system, shall formulate necessary and proper procedures for the
3 identification, collection, and exchange of information under this compact.
- 4 3. All licensing boards promptly shall report to the coordinated licensure information
5 system any adverse action, any current significant investigative information, denials of
6 applications (with the reasons for such denials), and advanced practice registered
7 nurse participation in alternative programs known to the licensing board regardless of
8 whether such participation is deemed nonpublic ~~and/or~~ and confidential under state
9 law.
- 10 4. ~~Current significant investigative information and participation in nonpublic or~~
11 ~~confidential alternative programs must be transmitted through the coordinated~~
12 ~~licensure information system only to party state licensing boards.~~
- 13 5. Notwithstanding any other provision of law, all party state licensing boards contributing
14 information to the coordinated licensure information system may designate information
15 that may not be shared with nonparty states or disclosed to other entities or individuals
16 without the express permission of the contributing state.
- 17 ~~6.5.~~ Any personally identifiable information obtained from the coordinated licensure
18 information system by a party state licensing board may not be shared with nonparty
19 states or disclosed to other entities or individuals except to the extent permitted by the
20 laws of the party state contributing the information.
- 21 ~~7.6.~~ Any information contributed to the coordinated licensure information system which is
22 subsequently required to be expunged by the laws of the party state contributing the
23 information must be removed from the coordinated licensure information system.
- 24 ~~8.7.~~ The compact administrator of each party state shall furnish a uniform data set to the
25 compact administrator of each other party state, which must include, at a minimum:
26 a. Identifying information;
27 b. Licensure data;
28 c. Information related to alternative program participation information; and
29 d. Other information that may facilitate the administration of this compact, as
30 determined by commission rules.

1 ~~9-8.~~ The compact administrator of a party state shall provide all investigative documents
2 and information requested by another party state.

3 **ARTICLE VII - ESTABLISHMENT OF THE INTERSTATE COMMISSION OF ADVANCED**
4 **PRACTICE REGISTERED NURSE COMPACT ADMINISTRATORS**

- 5 1. The party states hereby create and establish a joint public agency known as the
6 interstate commission of advanced practice registered nurse compact administrators.
- 7 a. The commission is an instrumentality of the party states.
- 8 b. Venue is proper, and judicial proceedings by or against the commission must be
9 brought solely and exclusively, in a court of competent jurisdiction where the
10 principal office of the commission is located. The commission may waive venue
11 and jurisdictional defenses to the extent it adopts or consents to participate in
12 alternative dispute resolution proceedings.
- 13 c. This compact may not be construed to be a waiver of sovereign immunity.
- 14 2. Membership, voting, and meetings.
- 15 a. Each party state must have and be limited to one administrator. The head of the
16 state licensing board or designee is the administrator of this compact for each
17 party state. Any administrator may be removed or suspended from office as
18 provided by the law of the state from which the administrator is appointed. Any
19 vacancy occurring in the commission must be filled in accordance with the laws
20 of the party state in which the vacancy exists.
- 21 b. Each administrator is entitled to one vote with regard to the promulgation of rules
22 and creation of bylaws and otherwise must have an opportunity to participate in
23 the business and affairs of the commission. An administrator shall vote in person
24 or by such other means as provided in the bylaws. The bylaws may provide for
25 an administrator's participation in meetings by telephone or other means of
26 communication.
- 27 c. The commission shall meet at least once during each calendar year. Additional
28 meetings must be held as set forth in the bylaws or rules of the commission.
- 29 d. All meetings are open to the public, and public notice of meetings must be given
30 in the same manner as required under the rulemaking provisions in article VIII.

- 1 e. The commission may convene in a closed, nonpublic meeting if the commission
2 must discuss:
- 3 (1) Noncompliance of a party state with its obligations under this compact;
4 (2) The employment, compensation, discipline, or other personnel matters,
5 practices, or procedures related to specific employees or other matters
6 related to the commission's internal personnel practices and procedures;
7 (3) Current, threatened, or reasonably anticipated litigation;
8 (4) Negotiation of contracts for the purchase or sale of goods, services, or real
9 estate;
10 (5) Accusing any person of a crime or formally censuring any person;
11 (6) Disclosure of trade secrets or commercial or financial information that is
12 privileged or confidential;
13 (7) Disclosure of information of a personal nature if disclosure would constitute
14 a clearly unwarranted invasion of personal privacy;
15 (8) Disclosure of investigatory records compiled for law enforcement purposes;
16 (9) Disclosure of information related to any reports prepared by or on behalf of
17 the commission for the purpose of investigation of compliance with this
18 compact; or
19 (10) Matters specifically exempted from disclosure by federal or state statute.
- 20 f. If a meeting, or portion of a meeting, is closed pursuant to this provision, the
21 commission's legal counsel or designee shall certify that the meeting may be
22 closed and shall reference each relevant exempting provision. The commission
23 shall keep minutes that fully and clearly describe all matters discussed in a
24 meeting and shall provide a full and accurate summary of actions taken, and the
25 reasons for those actions, including a description of the views expressed. All
26 documents considered in connection with an action must be identified in such
27 minutes. All minutes and documents of a closed meeting must remain under seal,
28 subject to release by a majority vote of the commission or order of a court of
29 competent jurisdiction.

- 1 3. By a majority vote of the administrators, the commission shall prescribe bylaws or
2 rules to govern its conduct as may be necessary or appropriate to carry out the
3 purposes and exercise the powers of this compact, including:
- 4 a. Establishing the fiscal year of the commission;
- 5 b. Providing reasonable standards and procedures:
- 6 (1) For the establishment and meetings of other committees; and
- 7 (2) Governing any general or specific delegation of any authority or function of
8 the commission;
- 9 c. Providing reasonable procedures for calling and conducting meetings of the
10 commission, ensuring reasonable advance notice of all meetings, and providing
11 an opportunity for attendance of such meetings by interested parties, with
12 enumerated exceptions designed to protect the public's interest, the privacy of
13 individuals, and proprietary information, including trade secrets. The commission
14 may meet in closed session only after a majority of the administrators vote to
15 close a meeting in whole or in part. As soon as practicable, the commission shall
16 make public a copy of the vote to close the meeting revealing the vote of each
17 administrator, with no proxy votes allowed;
- 18 d. Establishing the titles, duties, and authority and reasonable procedures for the
19 election of the officers of the commission;
- 20 e. Providing reasonable standards and procedures for the establishment of the
21 personnel policies and programs of the commission. Notwithstanding any civil
22 service or other similar laws of any party state, the bylaws exclusively govern the
23 personnel policies and programs of the commission; and
- 24 f. Providing a mechanism for winding up the operations of the commission and the
25 equitable disposition of any surplus funds that may exist after the termination of
26 this compact after the payment ~~and/or~~ and reserving of all of its debts and
27 obligations.
- 28 4. The commission shall publish its bylaws and rules, and any amendments to the
29 bylaws and rules, in a convenient form on the website of the commission.
- 30 5. The commission shall maintain its financial records in accordance with the bylaws.

- 1 6. The commission shall meet and take such actions as are consistent with the
2 provisions of this compact and the bylaws.
- 3 7. The commission may:
- 4 a. Promulgate uniform rules to facilitate and coordinate implementation and
5 administration of this compact. The rules have the force and effect of law and are
6 binding in all party states;
- 7 b. Bring and prosecute legal proceedings or actions in the name of the commission.
8 However, the standing of any licensing board to sue or be sued under applicable
9 law may not be affected;
- 10 c. Purchase and maintain insurance and bonds;
- 11 d. Borrow, accept, or contract for services of personnel, including employees of a
12 party state or nonprofit organizations;
- 13 e. Cooperate with other organizations that administer state compacts related to the
14 regulation of nursing, including sharing administrative or staff expenses, office
15 space, or other resources;
- 16 f. Hire employees, elect or appoint officers, fix compensation, define duties, grant
17 such individuals appropriate authority to carry out the purposes of this compact,
18 and to establish the commission's personnel policies and programs relating to
19 conflicts of interest, qualifications of personnel, and other related personnel
20 matters;
- 21 g. Accept any and all appropriate donations, grants, and gifts of money, equipment,
22 supplies, materials, and services, and to receive, utilize, and dispose of the
23 same. However, at all times the commission shall strive to avoid any appearance
24 of impropriety ~~and/or~~ conflict of interest;
- 25 h. Lease, purchase, accept appropriate gifts or donations of, or otherwise to own,
26 hold, improve, or use, any property, whether real, personal, or mixed. However, at
27 all times the commission shall strive to avoid any appearance of impropriety;
- 28 i. Sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose
29 of any property, whether real, personal, or mixed;
- 30 j. Establish a budget and make expenditures;
- 31 k. Borrow money;

- 1 l. Appoint committees, including advisory committees comprised of administrators,

17 same. A party state's withdrawal does not take effect until six months after enactment
18 of the repealing statute.

20 the withdrawing or terminated state's licensing board to report adverse actions and

22 termination.

23 ~~6.5.~~ This compact may not be construed to invalidate or prevent any advanced practice

2 activities of the commission, on a nonvoting basis, before the adoption of this compact
3 by all states.

4 **ARTICLE XI - CONSTRUCTION AND SEVERABILITY**

5 This compact must be liberally construed so as to effectuate the purposes of this compact.
6 The provisions of this compact are severable, and if any phrase, clause, sentence, or provision
7 of this compact is declared to be contrary to the constitution of any party state or of the United
8 States, or if the applicability thereof to any government, agency, person, or circumstance is held
9 invalid, the validity of the remainder of this compact and the applicability thereof to any
10 government, agency, person, or circumstance is not affected thereby. If this compact is held to
11 be contrary to the constitution of any party state, this compact remains in full force and effect as
12 to the remaining party states and in full force and effect as to the party state affected as to all
13 severable matters.
