PROPOSED AMENDMENTS TO HOUSE BILL NO. 1497

Page 1, line 1, after "A BILL" replace the remainder of the bill with "for an Act to provide for a legislative management study of the state's charitable gaming industry."

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. LEGISLATIVE MANAGEMENT STUDY - CHARITABLE GAMING.

1. During the 2023-24 interim, the legislative management shall consider studying the state's charitable gaming industry. The study must include:
 - a. An evaluation of whether charitable gaming is being expanded properly;
 - b. An evaluation of the accessibility to gaming sites for small charities;
 - c. An evaluation of gambling addiction prevention and treatment services;
 - d. A review of charitable gambling revenue; and
 - e. An evaluation of whether the laws relating to gaming taxation, eligible uses for proceeds, the authorization of gambling sites and locations, limitations on gaming, and gaming play and conduct are properly enforced, fair, adequate, and appropriate.
2. The legislative management shall report its findings and recommendations, together with any legislation required to implement the recommendations, to the sixty-ninth legislative assembly."

Renumber accordingly

Page 1, line 2, remove "industry"

Page 1, after line 3, insert:

"SECTION 1. AMENDMENT. Section 53-06.1-03 of the North Dakota Century Code is amended and reenacted as follows:

53-06.1-03. Permits, site authorization, and licenses - Organization requirements - Site inspection.

1. Except as authorized by the attorney general, an organization that has its license suspended or revoked, or has relinquished or not renewed its license and not disbursed its net proceeds, is ineligible for a license or permit. Only one of two or more closely related organizations may have a license or permit at one time. A college or university fraternity, sorority, or club is not closely related to an educational organization. An organization shall apply for a permit as follows:
 - a. An organization recognized as a public-spirited organization by the governing body of a city or county may apply for permits. A local permit may allow the organization to conduct only raffles, bingo, or sports pools. A restricted event permit may allow the organization to conduct only raffles, bingo, sports pools, paddlewheels, twenty-one, and poker. The organization or closely related organizations as a whole may only award a primary prize that does not exceed eight thousand dollars and total prizes of all games do not exceed forty thousand dollars per year. These maximum prize amounts do not apply to raffles conducted under chapter 20.1-08. The determination of what is a "public-spirited organization" is within the sole discretion of the governing body. An organization shall disclose on the application its intended use of the net income from the gaming activity. A governing body may issue a permit for games to be held at designated times and places.
 - b. An organization shall apply to the governing body of the city or county in which the proposed site is located. Application must be made on a form prescribed by the attorney general. Approval may be granted at the discretion of the governing body. A governing body may establish a fee not to exceed twenty-five dollars for each permit. A permit must be on a fiscal year basis from July first to June thirtieth or on a calendar-year basis.
 - c. An organization that has a local permit or a restricted event permit may use the net income from the gaming activity for any purpose that

does not violate this chapter or gaming rules, unless the organization is a state political party or legislative district party committee, the organization may use the net income from a raffle for a political purpose. For purposes of this subdivision, a public-spirited use includes a political purpose.

24
3-28-23

- d. An organization that has a restricted event permit is restricted to one event per year and:
 - (1) May not pay remuneration to employees for personal services;
 - (2) Shall use chips as wagers;
 - (3) Shall redeem a player's chips for merchandise prizes or cash;
 - (4) Shall disburse net income to eligible uses referenced in subdivision c, if applicable, and in section 53-06.1-11.1; and
 - (5) Shall file a report prescribed by the attorney general with the governing body and attorney general.
2. An eligible organization shall apply for a license to conduct only bingo, electronic quick shot bingo, raffles, calcuttas, pull tabs, punchboards, twenty-one, paddlewheels, poker, or sports pools by:
 - a. First securing approval for a site authorization from the governing body of the city or county in which the proposed site is located. Approval, which may be granted at the discretion of the governing body, must be recorded on a site authorization form that is to accompany the license application to the attorney general for final approval. A governing body may not require an eligible organization to donate net proceeds to the city, county, or related political subdivision or for community programs or services within the city or county as a condition for receiving a site authorization from the city or county. A governing body may limit the number of tables for the game of twenty-one per site and the number of sites upon which a licensed organization may conduct games within the city or county. A governing body may charge a one hundred dollar fee for a site authorization; and
 - b. Annually applying for a license from the attorney general before July first on a form prescribed by the attorney general and remitting a one hundred fifty dollar license fee for each city or county that approves a site authorization. However, the attorney general may allow an organization that only conducts a raffle or calcutta in two or more cities or counties to annually apply for a consolidated license and remit a one hundred fifty dollar license fee for each city or county in which a site is located. An organization shall document that it qualifies as an eligible organization. If an organization amends its primary purpose as stated in its articles of incorporation or materially changes its basic character, the organization shall reapply for licensure.
3. A licensed organization or organization that has a permit shall conduct games as follows:
 - a. Only one licensed organization or organization that has a permit may conduct games at an authorized site on a day, except that a raffle may

be conducted for a special occasion by another licensed organization or organization that has a permit when one of these conditions is met:

- 24
3-28-23
- (1) When the area for the raffle is physically separated from the area where games are conducted by the regular organization.
 - (2) Upon request of the regular organization and with the approval of the alcoholic beverage establishment, the regular organization's license or permit is suspended for that specific time of day by the attorney general.
- b. Except for a temporary site authorized for fourteen or fewer consecutive days for not more than two events per quarter or a licensed organization authorized on or before January 1, 2023, to conduct gaming at more than fifteen sites, a licensed organization, including any of the organization's affiliates, may not have more than ~~twenty-five~~fifteen sites ~~unless granted a waiver by the attorney general. If the attorney general finds that there is no other licensed organization interested in conducting gaming at a site for which a waiver is being sought, the attorney general may approve the waiver for no more than five sites.~~
 - c. Games of electronic quick shot bingo, pull tabs, punchboards, twenty-one, paddlewheels, poker, and sports pools may be conducted only during the hours when alcoholic beverages may be dispensed according to applicable regulations of the state, county, or city.
 - d. An organization may not permit a person under twenty-one years of age to directly or indirectly play pull tabs, punchboards, twenty-one, calcuttas, sports pools, paddlewheels, or poker. An organization may not permit an individual under eighteen years of age to directly or indirectly play electronic quick shot bingo. An organization may not permit an individual under eighteen years of age to directly or indirectly play bingo unless the individual is accompanied by an adult, bingo is conducted by an organization that has a permit, or the game's prize structure does not exceed that allowed for a permit.
 - e. An organization may not install more than ten electronic pull tab devices at a site.
 - f. An organization with more than fifteen licensed sites under subdivision b may not increase its number of sites beyond the number of sites licensed as of January 1, 2023.
4. A permit, or site authorization and license, must be displayed at a site.
 5. The attorney general may issue a conditional license to an eligible organization whose regularly issued license has expired or been suspended, revoked, or relinquished. The attorney general shall designate the time period for which the conditional license is valid and may impose any conditions.
 6. A governing body or local law enforcement official may inspect a site's gaming equipment and examine or cause to be examined any gaming-related books and records of a licensed organization or organization that has a permit."

TESTIMONY

HB 1497

Mr. Chairman and Committee Members:

Thank you for allowing our organization to submit written testimony in reference to HB 1497.

My name is Becky Nelson and I am the gaming manager for Veteran’s Club of Kenmare, Inc. We strongly encourage a **Do Not Pass** on HB 1497. If this bill were to pass, our charity would have to relinquish 12 of our 22 sites. We presently provide charitable gaming in 16 communities. This not only would be devastating to our organization, it would also be devastating to all of the rural communities we serve.

Currently there are over 300 charities licensed to conduct gaming in the state of North Dakota. If I have done my research correctly, a Do Pass on HB 1497 would affect approximately ten (10) charities who presently have over ten (10) sites.

Our organization covers a 250 mile radius around the Kenmare area, which we are located out of. There is not another gaming organization in this area, other than one in Mohall, of which that organization is not interested in expanding or traveling the distance we do.

The cities that we are conducting gaming in rely on the charitable gaming donations to fund numerous activities and causes in their community. If our organization was limited to ten (10) sites, we would, of course, select our most profitable sites, leaving cities without any gaming.

In the year 2022, \$1,225,548 in donations was distributed in these 15 rural communities, and \$472.263 in donations in the city of Kenmare.

I urge you to vote Do Not Pass on HB 1497. Please do this for rural North Dakota and all the entities that rely on these donations to operate such as fire departments, ambulance services, schools, churches, seniors, food pantries, veteran’s programs, etc.

Thank you for your consideration on this matter.

Mr. Chairman and Committee Members:

Thank you for allowing our organization to submit written testimony in reference to HB 1497.

My name is Kyle Vetter. I am the gaming manager for American Foundation for Wildlife. We strongly encourage a **DO NOT PASS** on HB 1497. If this Bill passes, our charity would have to give up 7 of our 17 gaming sites. We presently provide charitable gaming in 17 communities in western and central North Dakota with an outer linear perimeter of 700 miles, including very rural communities. The loss of these sites would not only be a substantial to our organization, but it would also negatively impact all the rural communities we serve and their surrounding areas.

The sites that we are conducting gaming in rely on the charitable gaming donations to fund many activities and causes in their communities. If our organization was limited to ten (10) sites, we would select our most profitable sites, which are located in the larger cities; leaving the small rural cities and communities without the opportunity to have gaming in their local establishments and the access to the donations to support their local needs.

In 2022, we donated \$818,585 to the communities for kids activities, schools, rural fire departments, rural ambulances, police departments, seniors, food pantries, make a wish opportunities, veteran organizations, medical funds, etc.

I urge you to vote **DO NOT PASS** on HB 1497. Please do this for rural North Dakota and all the entities that rely on these donations to operate and provide services locally.

Thank you for your consideration on this matter.

HOUSE JUDICIARY COMMITTEE Testimony on House Bill 1497

January 30th, 2023

Submitted by Janelle Mitzel, Development Homes, Inc.

Chairman Klemin & Committee Members,

Thank you for your consideration of a **Do Not Pass** recommendation on HB 1497. This bill will be detrimental to the charitable organization I represent.

Development Homes, Inc.(DHI):

- DHI is a non-profit organization in Grand Forks providing community-based support services to persons with disabilities from all over ND.
- DHI has residential services including seven group homes, two duplex facilities, a multi-unit autism living center, a transitional living center and independent living settings.
- DHI provides vocational services including job training and placement, and family services including respite care and in-home support.
- DHI serves approximately two hundred individuals from children to adults, serving through all stages of life.
- DHI is currently the 8th largest employer in Grand Forks, employing 450 to 500 people. Our economic footprint is vital to this community.

This bill will drastically limit the number of charitable sites that an organization can operate, forcing Development Homes to surrender long-standing sites that have been developed over many years and provide significant revenue to support our crucial services. Development Homes currently has thirteen sites statewide.

Development Homes gaming is unique compared to many organizations in that we offer full-service gaming to collaborate with our partners in the hospitality industry. Full-service gaming includes blackjack, paddlewheels, bingo, paper pull tabs, prize boards, coin boards, sports pools, simulcast horse racing, and etabs. It takes expertise, experience, full-time staffing, inventory, equipment, money and gaming management to operate successfully and fulfill regulatory and legislative statutes. We are not just a charity that “puts machines only in and lets the bar do all of the work”.

Development Homes Gaming Revenue Uses:

- Provides financial funds necessary to supplement new projects, such as bricks & mortar. The \$900,000 DHI autism living center was funded through HUD with matching grants from DHI charitable gaming.
- Specialized adaptive equipment & urgent/crisis care needs for persons served.
- Basic care needs, such as eyeglasses, shoes, and clothing, especially for our children served with their continued growth and ever-changing needs.
- Specialized training for professional staff including nurses, social workers, and expert management.
- Grants to ND communities funding local needs, including police equipment, literacy adaptive equipment and software, drug & alcohol prevention, substance abuse and mental health professional facilitators, daycare facility equipment, and promotion of local community events.

Charitable gaming is particularly important to this organization as we rely on those dollars to sustain our mission. DHI would appreciate a **Do Not Pass** recommendation on this bill.

HB 1497
House Judiciary Committee
Submitted by Don Santer for NDAD
January 30, 2023

Chairman Klemin and Committee members, thank you for the opportunity to provide information regarding the charitable gaming industry of North Dakota. I am submitting testimony in opposition of House Bill 1497.

My name is Don Santer, I represent North Dakota Association for the Disabled (NDAD). NDAD is a North Dakota charity that for over 47 years has been dedicated to improving the quality of life for persons with disabilities. NDAD is a statewide organization and uses the charitable gaming funds it generates to provide services to every corner of North Dakota.

House Bill 1497 will have the effect of obstructing and ultimately damage NDAD's charitable gaming operations in ND. The collateral damage of this bill could result in killing some other charities who's gaming operations would be eliminated by this bill.

- This bill is designed to provide an avenue for anti-charitable gaming parties another chance to hinder or outright eliminate charitable gaming in North Dakota.
- This anti-business bill reduces the number of sites an organization may have by 60%. This is a clear attempt to curtail free market opportunities and employ socialistic policies. The obvious message this bill is meant to convey is charities are not real businesses and the state of North Dakota will penalize and restrict organizations within the charitable gaming industry that threaten that perception.
- As statewide organization, NDAD has offices in multiple cities across the state. We operate gaming in most of those cities to support our services. Many of those cities have site number limitations already in place for their jurisdictions. Dramatically reducing the total number of sites per organization takes locations and opportunities away from successful charities. This is an attempt to provide sites for "late to the game" organizations or those trying to get a bigger "share". This is poor policy making and ultimately leads to the weakening of an industry. This bill will decrease NDAD's ability to provide the necessary funding for the services it provides across the state.
- This bill will serve to reduce the current number of gaming sites operated by NDAD. It mandates cities/counties are only to approve gaming site authorizations for "alcoholic beverage establishments". House Bill 1497 with its companion bill, SB 2304's definition, would eliminate restaurant bars, rural café/bars and result in a loss of existing sites for NDAD. This type of legislation is a thinly veiled attempt to decrease etab machines by significantly reducing the number of existing gaming locations available for charitable gaming.
- This bill also mandates a limit of 10 etab machines per gaming site. This limitation has been in regulation since the inception of etabs. It tends to reason the main objective was to yet again provide charitable gaming opponents an opportunity to request an amended lower machine limit and reduce charitable earnings. If one

looks at the records you will find this has been attempted through multiple bills in two prior legislative sessions and failed in all cases.

ND charitable gaming raised over **\$43 million** in taxes for the state of ND this past biennium most of which goes to the general fund. That averages to about \$10,000 in tax revenue generated per machine. A drastic reduction of gaming sites creates an even greater reduction in the number of etab machines and that will have a massive negative fiscal impact to tax revenue.

ND charitable gaming raised **\$73 million** this past fiscal year to be distributed in communities across the state. Reducing the total number of gaming sites and etab machines will have a colossal negative impact on charities' ability to provide important services in your own districts.

ND charitable gaming has methodically and responsibly grown over the past 40 years into a reputable industry benefitting nearly every city and county across this great state. North Dakota has developed a responsible and highly regulated system for charitable gaming to benefit charitable missions that serve your local communities. At best this bill will serve to severely hinder charitable gaming fundraising efforts and funnel what is left to a highly specified special interest. That is why NDAD is asking you to consider a **Do Not Pass** recommendation on **HB 1497**.

Thank you, Mr. Chairman and members of the committee for your time and thoughtful consideration.

Respectfully,

Don Santer, NDAD

As volunteers at a local fraternity club, I am strongly opposed to HB 1497. ND has a history of being supportive of charities, and we have seen this firsthand with our local Eagles club and the number of charities we have been able to support. So many charities have benefited because of the current gaming laws. However, the bill being proposed appears to be an attempt to weaken the charitable gaming industry. We question how our leaders could in good conscience allow such a bill to pass and negatively affect charities which need to be supported. In addition, charitable gaming raises millions in taxes for the state. We fail to see the benefits of this bill and strongly urge to vote against this bill.

Benefiting North Dakota Communities through Charitable Gaming

January 30, 2023

Testimony in OPPOSITION of House Bill 1497

Chairman Klemin and Members of the House Judiciary Committee:

I'm Scott Meske, representing the North Dakota Gaming Alliance and on behalf of the 152 Members of the NDGA, we stand in opposition to House Bill 1497.

ND Gaming Alliance represents all facets of the charitable gaming industry. Fraternal Organizations, Charities, Hospitality, Manufacturers, and Distributors. When charitable gaming was authorized by the State, the intent was to benefit the *charities and nonprofits* in our local communities. In the last biennium more than \$73 million has been disbursed into North Dakota's community causes because of charitable gaming. That revenue, injected directly into our communities, offsets the need to rely on other sources of income to meet the charity's stated mission and provides benefits to the residents and communities.

House Bill 1497's intent is to limit the number of sites at which a charity can conduct gaming operations. We believe this is in response to the false claims that some charities have grown too large. But what is "too large?" The Legislature and the Gaming Commission have set rules for the conduct of charitable gaming in North Dakota. Organizations have employed those rules. Now, there seems to be various attempts to reign in those who have been successful – even though the rules set forth have been followed.

If a small business becomes successful and looks to grow into other communities, do we put a cap on their growth and success because they operate a business that some may not support? It is left up to that small business and the community to determine whether to open and invest in another site to sell...[fill in the blank].

Benefiting North Dakota Communities through Charitable Gaming

There are some organizations, including veterans groups, that are regional in scope, whose mission reaches across a greater geographic area. Limiting their opportunities to grow their charitable gaming proceeds is not a policy the state should embrace.

Mr. Chairman and Members of the Committee, you will have several bills before you this session that while on the surface look reasonable in their regulatory intent to some, do nothing but hinder those charities who work to improve our communities.

The North Dakota Gaming Alliance respectfully asks that you reject HB 1497 and give the bill a DO NOT PASS recommendation from this Committee.

Thank you.

WHERE DOES THE MONEY GO?

When a player inserts \$100 into a machine, on average, that \$100 is churned over 3.3 times for a total wagers of \$330 on the original \$100.

Using \$330 as a baseline...

PROFIT (10%) after prize pay-outs) \$33.00 (10% of \$330)

STATE TAX (12%) \$3.96 Goes directly to the State Treasury

ADJUSTED GROSS - \$29.04

Allowable expenses (60%) \$17.42 of the Adjusted Gross for the charity to conduct gaming at that site including:

- ♦ Salaries, Tickets, Equipment, Rent

Net proceeds (40%) \$11.62 of the Adjusted Gross goes to the Charity for eligible uses as defined by Century Code

***Last biennium Charitable gaming generated:
\$43 million in tax revenue and \$73 million to local charitable causes***

HOUSE JUDICIARY COMMITTEE
House Bill 1497
January 30th, 2023
Testimony Submitted by Charitable Gaming Association of ND
Bill Kalanek

The Charitable Gaming Association of North Dakota urges a
Do Not Pass recommendation on HB 1497.

While charitable gaming in ND has become very popular with the public, many efforts have been made over the past few years to roll-back and stifle charitable gaming operations. House Bill 1497 is an example of this.

HB 1497 seeks to significantly reduce the number of sites allowed per organization in an attempt to weaken the industry. In actuality the site limit in this bill will do nothing to reduce gaming's footprint but instead simply hurt the relatively small number of charities that have more than 10 sites in the state. Viable strong businesses and leadership within the charitable community are developing and this is just an attempt by outside interests who are seeking to do harm.

The effect of this bill would create a situation by where a charities opportunities are reduced by 60%. Strong charities have emerged over many years due to their commitment to hard work and excellence, now we are going to take away their gains. This seems anti-business at best.

Another huge feature of this bill restricts cities/counties to only approve gaming site authorizations to alcoholic beverage establishments. This means over 21 years of age in those buildings. This bill along with others, would eliminate café/bars in small towns, fraternal and veterans' clubs sponsoring community events, senior citizen centers, and convention and hotel centers just to name a few. This legislation is an attempt to drastically reduce the number of **existing** locations and etab machines allowed for charitable gaming across the entire state.

This bill is just the first of many attempts this session to put major restrictions on charitable gaming and electronic pull tabs.

For over 40 years charitable gaming has filled voids in communities, big and small, to meet their direct needs. \$73 million has been raised through charitable gaming during the last fiscal year to support local communities, while adding \$43 million (est.) in taxes through the biennium for the state.

The Charitable Gaming Association of North Dakota would appreciate consideration of a **Do Not Pass** recommendation on HB 1497.

My name is David Sigloh. I am a board member for Kenmare Veterans Club Gaming. I would like to testify in opposition to HB 1497.

I believe the proposed changes relating to gaming site number limits would be especially prejudicial to small communities.

Many of the small communities in my area depend on distributions from the local charitable gaming to help fund community civic projects, extra-curricular activities in the schools, improvements to their volunteer fire departments and ambulance squads, and many other local causes.

If this bill is allowed to take effect, small communities with a relatively low volume of gaming, compared to larger establishments, will have difficulty finding a charity willing to conduct gaming in their communities. Or, they may find that their only option is a charity that is less willing to distribute the money locally.

House Bill No. 1497
Relating to Gaming Site Number limits, E-Tab Device Limits, Licensing Fees
January 30, 2023, Room 327B

Chairman Klemin, and House Judiciary members, my name is Deb McDaniel, I am the Director of Gaming for the Office of Attorney General.

The Gaming Division is in support of House Bill No. 1497. This bill would provide for licensed smaller gaming organizations and additional nonprofit organizations who are seeking to conduct charitable gaming an opportunity for gaming sites. There are over 322 licensed gaming organizations conducting in approximately 989 sites and 11 of the 322 organizations have over 10 sites.

The Gaming Division would also support putting a device limit in statute. At this time the 10-device limit is in Administrative Code however should the limit be increased in Administrative Code our office may not be able to request additional support to adequately regulate for the expansion for nearly a year later. If the limit is in statute, should the limit be increased, our office would have the opportunity at that time to request adequate funding to support the increased need for regulation.

Thank you for your time and consideration.

PROPOSED AMENDMENTS TO HOUSE BILL NO. 1497

Page 1, line 1, after "A BILL" replace the remainder of the bill with "for an Act to provide for a legislative management study of the state's charitable gaming industry."

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. LEGISLATIVE MANAGEMENT STUDY - CHARITABLE GAMING.

1. During the 2023-24 interim, the legislative management shall consider studying the state's charitable gaming industry. The study must include:
 - a. An evaluation of whether charitable gaming is being expanded properly;
 - b. An evaluation of the accessibility to gaming sites for small charities;
 - c. An evaluation of gambling addiction prevention and treatment services;
 - d. A review of charitable gambling revenue; and
 - e. An evaluation of whether the laws relating to gaming taxation, eligible uses for proceeds, the authorization of gambling sites and locations, limitations on gaming, and gaming play and conduct are properly enforced, fair, adequate, and appropriate.
2. The legislative management shall report its findings and recommendations, together with any legislation required to implement the recommendations, to the sixty-ninth legislative assembly."

Renumber accordingly

HB 1497
Senate Judiciary Committee
Submitted by Don Santer for NDAD
03/27/2023

Chairperson Larson and Committee members, thank you for the opportunity to provide information regarding the charitable gaming industry of North Dakota. I am submitting testimony in support of House Bill 1497 as a study.

My name is Don Santer, I represent the North Dakota Association for the Disabled (NDAD). NDAD is a North Dakota charity that for over 47 years has been dedicated to improving the quality of life for persons with disabilities. NDAD pays for its services with charitable gaming funds.

NDAD was opposed to this bill in its original form. Now that it is amended to create a study we are in support. The charitable gaming industry welcomes the chance to work with a legislative committee to help clear up many misconceptions about charitable gaming. Collaboration between the charitable gaming stakeholders and the legislative body should be able to come up with potential solutions that will not only improve our industry but hopefully satisfy the many legislative concerns about proliferation of etab machines.

North Dakota has developed a highly regulated system for charitable gaming to benefit charitable missions that serve your local communities. This study will help the industry maintain our effective system. NDAD respectfully asks you to consider a **Do Pass** recommendation on **HB 1497** as a study.

Thank you, Madam Chairperson and members of the committee, for your time and thoughtful consideration. Please feel free to contact me with any additional questions you may have.

Respectfully,

Don Santer, NDAD

Page 1, line 2, remove "industry"

Page 1, after line 3, insert:

"SECTION 1. AMENDMENT. Section 53-06.1-03 of the North Dakota Century Code is amended and reenacted as follows:

53-06.1-03. Permits, site authorization, and licenses - Organization requirements - Site inspection.

1. Except as authorized by the attorney general, an organization that has its license suspended or revoked, or has relinquished or not renewed its license and not disbursed its net proceeds, is ineligible for a license or permit. Only one of two or more closely related organizations may have a license or permit at one time. A college or university fraternity, sorority, or club is not closely related to an educational organization. An organization shall apply for a permit as follows:
 - a. An organization recognized as a public-spirited organization by the governing body of a city or county may apply for permits. A local permit may allow the organization to conduct only raffles, bingo, or sports pools. A restricted event permit may allow the organization to conduct only raffles, bingo, sports pools, paddlewheels, twenty-one, and poker. The organization or closely related organizations as a whole may only award a primary prize that does not exceed eight thousand dollars and total prizes of all games do not exceed forty thousand dollars per year. These maximum prize amounts do not apply to raffles conducted under chapter 20.1-08. The determination of what is a "public-spirited organization" is within the sole discretion of the governing body. An organization shall disclose on the application its intended use of the net income from the gaming activity. A governing body may issue a permit for games to be held at designated times and places.
 - b. An organization shall apply to the governing body of the city or county in which the proposed site is located. Application must be made on a form prescribed by the attorney general. Approval may be granted at the discretion of the governing body. A governing body may establish a fee not to exceed twenty-five dollars for each permit. A permit must be on a fiscal year basis from July first to June thirtieth or on a calendar-year basis.
 - c. An organization that has a local permit or a restricted event permit may use the net income from the gaming activity for any purpose that

does not violate this chapter or gaming rules, unless the organization is a state political party or legislative district party committee, the organization may use the net income from a raffle for a political purpose. For purposes of this subdivision, a public-spirited use includes a political purpose.

- d. An organization that has a restricted event permit is restricted to one event per year and:
 - (1) May not pay remuneration to employees for personal services;
 - (2) Shall use chips as wagers;
 - (3) Shall redeem a player's chips for merchandise prizes or cash;
 - (4) Shall disburse net income to eligible uses referenced in subdivision c, if applicable, and in section 53-06.1-11.1; and
 - (5) Shall file a report prescribed by the attorney general with the governing body and attorney general.
2. An eligible organization shall apply for a license to conduct only bingo, electronic quick shot bingo, raffles, calcuttas, pull tabs, punchboards, twenty-one, paddlewheels, poker, or sports pools by:
 - a. First securing approval for a site authorization from the governing body of the city or county in which the proposed site is located. Approval, which may be granted at the discretion of the governing body, must be recorded on a site authorization form that is to accompany the license application to the attorney general for final approval. A governing body may not require an eligible organization to donate net proceeds to the city, county, or related political subdivision or for community programs or services within the city or county as a condition for receiving a site authorization from the city or county. A governing body may limit the number of tables for the game of twenty-one per site and the number of sites upon which a licensed organization may conduct games within the city or county. A governing body may charge a one hundred dollar fee for a site authorization; and
 - b. Annually applying for a license from the attorney general before July first on a form prescribed by the attorney general and remitting a one hundred fifty dollar license fee for each city or county that approves a site authorization. However, the attorney general may allow an organization that only conducts a raffle or calcutta in two or more cities or counties to annually apply for a consolidated license and remit a one hundred fifty dollar license fee for each city or county in which a site is located. An organization shall document that it qualifies as an eligible organization. If an organization amends its primary purpose as stated in its articles of incorporation or materially changes its basic character, the organization shall reapply for licensure.
3. A licensed organization or organization that has a permit shall conduct games as follows:
 - a. Only one licensed organization or organization that has a permit may conduct games at an authorized site on a day, except that a raffle may

be conducted for a special occasion by another licensed organization or organization that has a permit when one of these conditions is met:

- (1) When the area for the raffle is physically separated from the area where games are conducted by the regular organization.
