## PREFACE

This is the final version of the computerized Bill Status and Subject Index used during the 2001 Legislative Assembly.

The 57th Legislative Assembly met from Tuesday, January 9, 2001, through Sunday, April 29, 2001.

This book is not a substitute for the House and Senate journals and should not be considered a legal or official source for legislative action. It is simply an aid in discovering legislative action on bills and resolutions. The information in this report describes measures at various stages of the legislative process. The titles of bills in the Action Report are of measures as voted on in the house of origin. The Century Code Sections Affected Report identifies sections as introduced. The Subject Index entries refer to the measures as introduced.

There were 1,061 bills and resolutions introduced in the 2001 Legislative Assembly and 680 passed. Out of the total 1,061 bills and resolutions, there were 934 bills, 124 concurrent resolutions, and three memorial resolutions.

There were 934 bills introduced in the 2001 Legislative Assembly, 479 in the House and 455 in the Senate. Of these, 585 bills passed: 298 House bills and 287 Senate bills. Twenty-six of the 934 introduced bills were withdrawn before being voted upon. Fifty-one of the House concurrent resolutions and 41 of the Senate concurrent resolutions passed both houses. All three memorial resolutions (two House and one Senate) passed.

Of the 585 bills presented for his consideration, the Governor signed 580 bills into law. He vetoed five bills. All of the vetoes were sustained and four were item vetoes that did not affect the entire bill. Thus, 584 of the 585 bills will, or have, become law.

The "HJ" and "SJ" references in this report are to the pages in the House and Senate journals where a particular action can be found.
