

SURVEY OF AGENCY ALCOHOL, DRUG, TOBACCO, AND RISK-ASSOCIATED BEHAVIOR PREVENTION, TREATMENT, AND ENFORCEMENT PROGRAMS

This memorandum provides information on programs relating to prevention, treatment, and enforcement of alcohol, tobacco, and drug abuse and other kinds of risk-associated behavior which are operated by various state agencies.

In July 2018, state agencies were requested to provide information on prevention, treatment, and enforcement programs for risk-associated behavior for the 2015-17 biennium and budgeted information for the 2017-19 biennium. Agencies were asked to identify whether programs were related to the prevention, treatment, or enforcement of risk-associated behavior. The table below summarizes 2015-17 biennium actual funding and 2017-19 biennium budgeted funding for risk-associated behavior programs, including restrictions, anticipated uses, and whether programs relate to the prevention, treatment, or enforcement of risk-associated behavior.

Alcohol, Drug, Tobacco, and Other Risk-Associated Behavior Programs	Type of Expenditure	2015-17 Biennium Actual Amount and Funding Source for Each Program			2017-19 Biennium Budgeted Amount and Funding Source for Each Program			Detail of 2017-19 Biennium Sources of Federal and Special Funds	2017-19 Biennium Restrictions on Uses of Funds	2017-19 Biennium Anticipated Uses of Funds
	Prevention, Treatment, or Enforcement	General Fund	Federal and Special Funds	Total Funds	General Fund	Federal and Special Funds	Total Funds			
State Department of Health										
Statewide tobacco cessation for primary prevention, including city/county/state programs, the quitline/quitnet and tobacco surveillance	Prevention		\$3,413,271	\$3,413,271		\$11,653,333	\$11,653,333	Community health trust fund and tobacco prevention and control trust fund	The funds must be used for tobacco prevention and control activities.	The funds will be used to support a statewide toll-free telephone and web-based tobacco cessation program, counseling, and other tobacco prevention and cessation programs, including tobacco surveillance.
Tobacco prevention and control for federal Centers for Disease Control and Prevention (CDC) best practices	Prevention		500,000	500,000						
Tobacco prevention and control for disease control and prevention and Medicaid	Prevention		1,886,458	1,886,458		1,993,371	1,993,371	Federal CDC	The grant funds are restricted to tobacco prevention and control. The funds may not be used for direct care services or medications.	The funds will be used for tobacco prevention and control activities.
Rape prevention and education	Prevention		428,763	428,763		399,600	399,600	Federal CDC	The grant funds are restricted to sexual violence prevention and/or surveillance.	The funds are used to develop programs to address primary prevention of sexual violence at the local level.
State suicide prevention	Prevention	\$1,139,337		1,139,337	\$1,183,469		1,183,469		The funds must be used for suicide prevention activities.	The funds will be used to collect data on suicides of North Dakotans and to develop local suicide prevention and awareness programs.
Child passenger safety maternal and child health - Child safety	Prevention	28,971	361,938	390,909	53,080	361,924	415,004	Department of Transportation and federal Title V (maternal and child health block grant)	The funds must be used for child passenger safety projects, including infants through 13 years of age.	The funds will be used to purchase car seats, training, and projects designed to increase child restraint and seatbelt use by young children.
Abstinence education	Prevention	7,194	143,480	150,674	35,362	179,543	214,905	Federal Department of Health and Human Services	The funds must be used to target youth and young adults 12 through 19 years of age.	The funds will be used to provide an abstinence education program in schools and to address other risk reduction topics, including tobacco, alcohol, and other drugs; and 1-day training sessions for peer advocates.

Alcohol, Drug, Tobacco, and Other Risk-Associated Behavior Programs	Type of Expenditure	2015-17 Biennium Actual Amount and Funding Source for Each Program			2017-19 Biennium Budgeted Amount and Funding Source for Each Program			Detail of 2017-19 Biennium Sources of Federal and Special Funds	2017-19 Biennium Restrictions on Uses of Funds	2017-19 Biennium Anticipated Uses of Funds
	Prevention, Treatment, or Enforcement	General Fund	Federal and Special Funds	Total Funds	General Fund	Federal and Special Funds	Total Funds			
Federal Title X family planning	Prevention		200,286	200,286		201,722	201,722	Federal CDC	The funds must be used for the provision of family planning, medical, laboratory, and counseling services.	All family planning clients provide a health history which includes tobacco, alcohol, or drug use; and other risky behaviors, including unprotected sex. Counseling and referral is provided as appropriate.
Comprehensive sexually transmitted disease prevention systems, HIV/AIDS prevention programs, and Hepatitis C prevention services	Prevention	328,726	1,682,718	2,011,444	467,002	1,878,296	2,345,298	Federal CDC	The funds are limited to prevention of syphilis, gonorrhea, chlamydia, and AIDS and Hepatitis C prevention services. The funds may be used for syringe exchange programs or medications. The funds cannot be used to purchase needles or syringes.	The amount identified represents the funding for risky behavior which is 10% of total funds received.
Total - State Department of Health		\$1,504,228	\$8,616,914	\$10,121,142	\$1,738,913	\$16,667,789	\$18,406,702			
Attorney General										
Residential substance abuse treatment for state prisoners grant program - A passthrough grant for addiction treatment of state prisoners	Treatment					\$100,000	\$100,000	Residential substance abuse treatment for state prisoners - United States Department of Justice, Bureau of Justice Assistance	Residential substance abuse treatment grant funds are awarded to states to assist in implementing and enhancing residential treatment activities for offenders in state-run facilities operated by state and local correctional agencies.	The funds are available to state and local jails that meet the requirements for in-house treatment. The funds are used exclusively for program operations.
Narcotics section - Includes enforcement activities for all Attorney General's office criminal investigations of drug crimes, dealers, and manufacturers	Enforcement	\$5,106,555	\$368,364	\$5,474,919	\$6,060,173	382,130	6,442,303			The funds are used for investigative salaries, operating, and equipment costs to work with and coordinate multijurisdictional drug task force activities across the state.
Midwest high-intensity drug trafficking area - Federal cooperative agreement aimed at the growing methamphetamine problem in this region	Enforcement		1,260,850	1,260,850		1,443,471	1,443,471	Midwest high-intensity drug trafficking area - Office of National Drug Control Policy, Office of the President	The funds must be used to measurably reduce and disrupt the importation, distribution, and clandestine manufacturing of methamphetamine in the six-state region--Iowa, Kansas, Missouri, Nebraska, North Dakota, and South Dakota.	The funds are used primarily for salaries and operating expenses in multi-drug/methamphetamine investigations and eradication efforts.
Justice assistance grant (formerly known as the Edward Byrne Memorial law enforcement assistance grant program)	Enforcement Prevention		795,823 199,762	795,823 199,762		773,150 176,850	773,150 176,850	Justice assistance grant program - United States Department of Justice, Bureau of Justice Assistance	A certain percentage of the funds must be provided to local jurisdictions. There are seven legislative purpose areas for which the funds can be used.	The administrative funds (up to 10%) are used to manage contracts and ensure compliance with federal regulations. The remaining funds are awarded to local, state, and tribal units of government for criminal justice purposes.

Alcohol, Drug, Tobacco, and Other Risk-Associated Behavior Programs	Type of Expenditure	2015-17 Biennium Actual Amount and Funding Source for Each Program			2017-19 Biennium Budgeted Amount and Funding Source for Each Program			Detail of 2017-19 Biennium Sources of Federal and Special Funds	2017-19 Biennium Restrictions on Uses of Funds	2017-19 Biennium Anticipated Uses of Funds
	Prevention, Treatment, or Enforcement	General Fund	Federal and Special Funds	Total Funds	General Fund	Federal and Special Funds	Total Funds			
Community Oriented Policing Services Anti-Heroin Task Force Program	Enforcement					1,500,000	1,500,000	Office of Community Oriented Policing Services - United States Department of Justice	The funds may not be used for treatment or prosecution.	The funds are used to locate and investigate illicit activities related to the distribution of heroin or the unlawful distribution of prescription opioids.
Asset forfeiture	Enforcement		180,483	180,483		200,000	200,000	Asset forfeiture	The funds were forfeited to the Bureau of Criminal Investigation from seizure of crime-related cash or property and are available for expenses related to narcotics enforcement.	The funds are used to support operating costs of agents and narcotics task forces.
Lottery task force grants	Enforcement		659,798	659,798		845,000	845,000	Lottery proceeds	The funds are provided by the Legislative Assembly to supplement operating needs of narcotics task forces across the state.	The funds are used to support operating costs of narcotics task forces.
Tactical team fund	Enforcement		6,865	6,865		50,000	50,000	Special funds paid by counties	The special funds collected must be used to pay for match and expenses of tactical teams across the state.	The funds are used to ensure match is available for a federal grant that reimburses tactical teams for expenses outside their jurisdiction. Federal funds received for the tactical team fund are included in the justice assistance grants funding.
Oil impact funding for law enforcement	Prevention Enforcement		122,617 1,284,151	122,617 1,284,151				Oil impact grant fund	The funds were used for addressing criminal justice needs in oil-impacted counties or those with oil-related criminal justice issues.	The funds were used for narcotics task forces and special operations, and domestic violence prevention programs. The funds represent a portion of the \$9.65 million of oil impact grant funding of which \$7,944,814 is from the 2013-15 biennium and \$1,655,186 is from the 2015-17 biennium.
24/7 sobriety program	Prevention		2,288,160	2,288,160		3,569,036	3,569,036	Special funds from fees paid by 24/7 participants	The majority of special funds collected must be used to pay for the monitoring fees incurred.	The funds will be used to support efforts to remove intoxicated drivers from the road and improve their ability to succeed in their treatment choices.
Organized Crime Drug Enforcement Task Forces	Enforcement					25,000	25,000	Federal Bureau of Investigation	The funds are one-time funds that were made available for overtime and some expenses related to specific federal-level cases.	The funds were used primarily for overtime and minimal travel expenses for cases which were designated by the Federal Bureau of Investigation as Organized Crime Drug Enforcement Task Forces level.
Total - Attorney General		\$5,106,555	\$7,166,873	\$12,273,428	\$6,060,173	\$9,064,637	\$15,124,810

Department of Public Instruction Safe and Healthy Schools - Funds used to offer prevention education, technical assistance, resources, and professional development to schools	Prevention	\$704,354	\$122,401	\$826,755	\$625,500	\$294,300	\$919,800	Federal CDC funds (Youth Risk Behavior Survey; School Health)	The funds must be used only for program-specific activities and staff as identified in the fund request proposal and aligned with the overall mission and goals of the agency. This includes the unit work plan. The focus is on research/evidence-based activities and information to address the prevention of risk behaviors to increase school attendance and learning of all students in a safe and healthy culture and climate.	The CDC Youth Risk Behavior Survey funds are used specifically for the collection of data from students regarding risk behaviors. The CDC School Health funds are used specifically for the approved work plan implementation and evaluation of related activities. The state funds are used only for staff and for staff to meet statute requirements, provide resources, technical assistance, professional development, and training to school staff across the state for prevention of youth risk behaviors.

	Prevention, Treatment, or Enforcement	General Fund	Federal and Special Funds	Total Funds	General Fund	Federal and Special Funds	Total Funds			
Judicial branch Juvenile drug court	Treatment	\$655,964		\$655,964	\$816,000		\$816,000			26% of the funds are used for alcohol and drug testing, analysis, and monitoring. 30% of the funds are used for defense counsel, special programs, education, and training. 44% is for program coordinator's and trackers' salaries.
Total - Judicial branch		\$655,964		\$655,964	\$816,000		\$816,000			
National Guard Title 32 counter-drug state plans funding which provides support to state and local coalitions; school education and prevention programs; and military drug testing, education, and prevention programs	Enforcement		\$1,500,000	\$1,500,000		\$1,500,000	\$1,500,000	Department of Defense through the National Guard Bureau	The funds are to be used only for drug interdiction and substance abuse testing, education, and prevention programs.	The funds are used for drug interdiction and substance abuse testing programs.
Total - National Guard			\$1,500,000	\$1,500,000		\$1,500,000	\$1,500,000			
North Dakota Higher Education Consortium for Substance Abuse Prevention (NDHECSAP) - North Dakota University System (NDUS) Coordinates and supports the prevention efforts and programs of each University System campus	Prevention	\$80,770		\$80,770	\$81,439		\$81,439			The funds maintain the statewide environmental management model in higher education to provide campuses with skills, attitudes, abilities, and knowledge that will enable them to address collegiate alcohol and substance abuse. Starting in the 2015-17 biennium, the NDHECSAP funds combined with the student mental health fund. This is because issues of substance abuse and prevention go hand in hand with approaching mental health. As does sexual assault prevention and education. These efforts all have the same goal in mind--keeping our students healthy, informed, and supplied with resources.
Student mental health	Treatment	377,220		377,220	244,000		244,000			Additionally, this combined fund formerly supplied the NDUS office with 1 FTE position to attend to substance abuse and prevention efforts. Now, the NDUS office funds the FTE position that oversees mental health, substance abuse prevention and treatment, sexual assault prevention and treatment, and other student affairs issues, and these dollars go directly back to campuses in the form of programming, supplies, and treatment.
