		Total State Water Commission	\$25,481	\$2,044,978		
		Information pending				
		Grand total (Pending information excluded)	\$218,288,130	\$993,474,899		

¹ Approximately 55 percent of the health contracts are for state employees and the remainder are for political subdivision employees.
² Includes premiums from both the state and political subdivisions.
³ All contributions are made by the employee.
⁴ Provided by counties or regional child support units. Due to passage of 1997 House Bill No. 1041, there is no longer any cost to the state for these services.

POTENTIAL SERVICES TO PRIVATIZE IDENTIFIED BY AGENCIES						
Dept. No.	Name	Type of Service	Current Number of FTE Employees Providing This Service	Estimated 1999-2001 Biennial Cost		Estimated Biennial Cost if the Service Is Privatized
				General Fund	Total Funds	
108	Secretary of State	None				
110	Office of Management and Budget	Central supply Cleaning services	1.5 30	\$1,359,484	\$100,000 \$1,359,484	\$98,000 ¹
112	Information Technology Department	Micrographics services	2		\$200,000	\$200,000
		Data entry services	2		\$150,000	\$200,000
117	State Auditor	Financial and compliance audits	29	\$3,110,530	\$3,110,530	\$5,877,922
		Performance audits	3.5	\$386,934	\$386,934	\$1,017,226
118	Central Services	Included under 110 - Office of Management and Budget				
120	State Treasurer	None				
125	Attorney General	If desired, all Attorney General services could be performed by the private sector. Staff would need to be retained to monitor compliance and make payments on the contracts. The agency believes, however, that the cost of privatizing the services would be substantially greater than providing the services under the current structure.				
127	Tax Department	Collection of delinquent taxes	9	\$788,374	\$788,374	Unknown
		Data entry of tax return information	7 FTE and 22 temporary	\$986,628	\$986,628	Unknown
		Mail processing/validating tax returns	4 FTE and 55 temporary	\$224,959	\$224,959	Unknown

POTENTIAL SERVICES TO PRIVATIZE IDENTIFIED BY AGENCIES						
Dept. No.	Name	Type of Service	Current Number of FTE Employees Providing This Service	Estimated 1999-2001 Biennial Cost		Estimated Biennial Cost if the Service Is Privatized
				General Fund	Total Funds	
		Audit services	47	\$5,395,086	\$5,395,086	Unknown

				General Fund	Total Funds	
¹ Office of Management and Budget believes its current custodial services are competitively priced according to market estimates. ² Would result in a reduction of \$475,000 of general fund revenue. ³ Based on the privatized service at the James River Correctional Center, the department anticipates the cost would exceed the current cost if privatized.						

PROPOSED STATUTORY CHANGES

The statutory changes listed on the schedule below were identified by agencies as enabling them to privatize or to more easily privatize services. A copy of the statues cited is attached.

Agency	North Dakota Century Code Section	Proposed Change	Comments
Tax Department	57-01-13	Allow contract collections from residents	The current statute allows a private collection agency to collect unpaid taxes only from nonresidents.
	57-38-34	Change to file return at the address directed by the Tax Commissioner	State law currently requires all returns to be filed with the Tax Commissioner in Bismarck.
	57-01-03	Allow general authority to contract with third parties to perform statutory duties	
Office of Administrative Hearings	54-57-01 and 54-57-02	Allow the director to hire contract administrative law judges on more than an as needed basis	Use of contract administrative law judges is common in other states but not for all hearings. Administrative law judges in some states work out of their homes. The Office of Administrative Hearings has been contracting with 13 or more temporary administrative law judges since 1995.
North Dakota State University	15-10-17(15)	Broaden statute to allow privatization of services specifically	

ATTACH:1

57-01-03. Office of commissioner. The office of the tax commissioner must be at the state capitol. The tax commissioner may appoint such deputies, employees, clerks, experts, and other persons as are necessary in maintaining his office and performing duties for which the legislative assembly may appropriate funds.

57-01-13. (Contingent expiration date - See note) Collection of delinquent sales, use, motor vehicle fuels, special fuels, importer for use, aviation fuel, motor vehicle excise, income, and business and corporation privilege taxes.

1. Notwithstanding the secrecy and confidential information provisions in chapters 57-38 and 57-39.2, the tax commissioner may, for the purpose of collecting delinquent North Dakota sales, use, motor vehicle fuels, special fuels, importer for use, aviation fuel, motor vehicle excise, income, or business and corporation privilege taxes due from a taxpayer not residing or domiciled in this state, contract with any collection or credit agency, within or without the state, for the collection of the delinquent sales, use, motor vehicle fuels, special fuels, importer for use, aviation fuel, motor vehicle excise, income, or business and corporation privilege taxes, including penalties and interest thereon. For purposes of this section, a delinquent tax is defined as a tax liability that is due and owing for a period longer than six months and for which the taxpayer has been given at least three notices in writing requesting payment, the first two notices must be sent by regular mail to the taxpayer at the taxpayer's last known mailing address and the third notice must be sent by certified or registered mail to the taxpayer's last known mailing address. If the tax commissioner has assigned a delinquent tax liability pursuant to this section, subsequent sales, use, motor vehicle fuels, special fuels, importer for use, aviation fuel, motor vehicle excise, income, or business and corporation privilege taxes that become due from the same taxpayer may be assigned immediately and without further notice to the taxpayer, so long as the originally assigned liability has not been fully collected.
2.
 - a. Fees for services, reimbursement, or any other remuneration to a collection or credit agency must be based on the amount of tax, penalty, and interest actually collected. Each contract entered into between the tax commissioner and the collection or credit agency must provide for the payment of fees for the services, reimbursements, or other remuneration not in excess of fifty percent of the amount of delinquent sales, use, motor vehicle fuels, special fuels, importer for use, aviation fuel, motor vehicle excise, income, or business and corporation privilege tax, including penalties and interest actually collected.
 - b. All funds collected by the collection or credit agency must be remitted to the tax commissioner monthly from the date of collection from a taxpayer. Forms to be used for the remittances must be prescribed by the tax commissioner. The tax commissioner shall transfer the funds to the state treasurer for deposit in the state general fund. An amount equal to the amount of fees for services, reimbursement, or any other remuneration to the collection or credit agency as set forth in the contract authorized by this section is appropriated as a standing and continuing appropriation to the tax commissioner for payment of fees due under the contract.
 - c. Before entering into a contract, the tax commissioner shall require a bond from the collection or credit agency not in excess of ten thousand dollars, guaranteeing compliance with the terms of the contract.
3. A collection or credit agency entering into a contract with the tax commissioner for the collection of delinquent taxes pursuant to this section thereby agrees that it is doing business in this state for the purposes of the North Dakota income tax and business and corporation privilege tax laws.

(Contingent effective date - See note) Collection of delinquent sales, use, motor vehicle fuels, special fuels, importer for use, aviation fuel, motor vehicle excise, income, and business and corporation privilege taxes.

1. Notwithstanding the secrecy and confidential information provisions in chapters 57-38 and 57-39.2, the tax commissioner may, for the purpose of collecting delinquent North Dakota sales, use, motor vehicle fuels, special fuels, importer for use, aviation fuel, motor vehicle excise, income, or business and corporation privilege taxes due from a taxpayer not residing or domiciled in this state, contract with any collection or credit agency, within or without the state, for the collection of the delinquent sales, use, motor vehicle fuels, special fuels, importer for use, aviation fuel, motor vehicle excise, income, or business and corporation privilege taxes, including penalties and interest thereon. For purposes of this section, a delinquent tax is defined as a tax liability that is due and owing for a period longer than six months and for which the taxpayer has been given at least three notices in writing requesting payment, the first two notices must be sent by regular mail to the

taxpayer at the taxpayer's last known mailing address and the third notice must be sent by certified or registered mail to the taxpayer's last known mailing address. If the tax commissioner has assigned a delinquent tax liability pursuant to this section, subsequent sales, use, motor vehicle fuels, special fuels, importer for use, aviation fuel, motor vehicle excise, income, or business and corporation privilege taxes that become due from the same taxpayer may be assigned immediately and without further notice to the taxpayer, so long as the originally assigned liability has not been fully collected.

2. a. Fees for services, reimbursement, or any other remuneration to a collection or credit agency must be based on the amount of tax, penalty, and interest actually collected. Each contract entered into between the tax commissioner and the collection or credit agency must provide for the payment of fees for the services, reimbursements, or other remuneration not in excess of fifty percent of the amount of delinquent sales, use, motor vehicle fuels, special fuels, importer for use, aviation fuel, motor vehicle excise, income, or business and corporation privilege tax, including penalties and interest actually collected.
 - b. All funds collected, less the fees for collection services, as provided in the contract, must be remitted to the tax commissioner monthly from the date of collection from a taxpayer. Forms to be used for the remittances must be prescribed by the tax commissioner.
 - c. Before entering into a contract, the tax commissioner shall require a bond from the collection or credit agency not in excess of ten thousand dollars, guaranteeing compliance with the terms of the contract.
3. A collection or credit agency entering into a contract with the tax commissioner for the collection of delinquent taxes pursuant to this section thereby agrees that it is doing business in this state for the purposes of the North Dakota income tax and business and corporation privilege tax laws.

57-38-34. Time and place of filing returns - Interest on tax when time for filing is extended.

1. Returns must be in such form as the tax commissioner from time to time may prescribe and may include the requirement that a copy of the taxpayer's federal income tax return or a portion thereof or information reflected thereon be attached to, furnished with, or included in the taxpayer's state income tax return, but the taxpayer's state income tax return must contain a method for the taxpayer to identify the school district in which he resides, and must be filed with the tax commissioner at his office in Bismarck, North Dakota. The tax commissioner shall prepare blank forms for use in making returns and shall cause them to be distributed throughout this state, but failure to receive or secure a form does not relieve a taxpayer from making a return.
2. Returns made on the basis of the calendar year must be filed on or before the fifteenth day of April following the close of the calendar year and returns made on the basis of a fiscal year must be filed on or before the fifteenth day of the fourth month following the close of the fiscal year.
3. Returns for cooperatives, domestic international sales corporations, and foreign sales corporations, however, made on the basis of the calendar year must be filed on or before the fifteenth day of September following the close of the calendar year and returns made on the basis of a fiscal year must be filed on or before the fifteenth day of the ninth month following the close of the fiscal year.
4. A taxpayer actively serving in the armed forces or merchant marine, outside the boundaries of the United States, may defer the filing of an income tax return and the payment of the income tax until such time as the federal income tax return is required to be filed at which time the state income tax return, with payment of tax, will also be due. No interest or penalty accrues to the date of such filing.
5. The tax commissioner may grant a reasonable extension of time for filing a return when, in the judgment of the tax commissioner, good cause exists.

54-57-01. Office of administrative hearings - Agency defined - Administrative agency defined.

1. A state office of administrative hearings is created.
2. The office is under the direction of a director of administrative hearings who must be free of any association that would impair the director's ability to function officially in a fair and objective manner. The director must be an attorney-at-law in good standing, admitted to the bar in this state, and currently licensed by the state bar board. The director of administrative hearings must be appointed by the governor and confirmed by the senate and shall hold office for a term of six years, the term beginning July first of the year of appointment and ending June thirtieth of the sixth calendar year after appointment.
3. The director of administrative hearings may preside as an administrative law judge at administrative hearings and may employ or appoint additional administrative law judges to serve in the office as necessary to fulfill the duties of office as described in section 54-57-04 and section 28-32-08.5 and to provide administrative law judges to preside at administrative hearings as requested by agencies. After August 1, 1995, the director of administrative hearings may employ or appoint only such additional administrative law judges who are attorneys at law in good standing, admitted to the bar in the state, and currently licensed by the state bar board. The director may delegate to an employee the exercise of a specific statutory power or duty as deemed advisable, subject to the director's control, including the powers and duties of a deputy director. All administrative law judges must be classified employees, except that the director of administrative hearings must be an unclassified employee who only may be removed, during a term of office, for cause. Each administrative law judge must have a demonstrated knowledge of administrative practices and procedures and must be free of any association that would impair the person's ability to function officially in a fair and objective manner.
4. The director of administrative hearings may employ the necessary support staff required by the office. Support staff must be classified employees.
5. The director of administrative hearings shall develop categories of positions in the classified service under class titles for the appointment or employment of administrative law judges and support staff in consultation with and approved by the director of the central personnel division, including the salary to be paid for each position or category of position.
6. In this chapter, unless the context or subject matter otherwise requires, "agency" means each board, bureau, commission, department, or other administrative unit of the executive branch of state government whether headed by an appointed or elected official.
7. In this chapter, unless the context or subject matter otherwise requires, "administrative agency" means that term as defined in section 28-32-01.

54-57-02. Temporary administrative law judges. When regularly appointed administrative law judges are not available, the director of administrative hearings may contract on a temporary basis with qualified individuals to serve as administrative law judges for the office of administrative hearings. Temporary administrative law judges are not employees of the state.

15-10-17. Specific powers and duties of board of higher education. The state board of higher education has all the powers and shall perform all the duties necessary to the control and management of the institutions described in this chapter, including:

1. To appoint and remove the president or other faculty head, and the professors, instructors, teachers, officers, and other employees of the several institutions under its control, and to fix their salaries within the limits of legislative appropriations therefor, and to fix the terms of office and to prescribe the duties thereof, provided that the consideration of the appointment or removal of any such personnel shall be in executive session if the board chooses unless the person or persons involved request that the meeting shall be open to other persons or the public.
2. To control the grounds, buildings, and all other property of such institutions, regulate the conduct of students, staff, faculty, and visitors, and authorize the employment of law enforcement officers, with concurrent jurisdiction with other law enforcement officers to enforce laws and regulations at its institutions.
3. To adopt rules and regulations for the government of each of the institutions and of all their departments and branches.
4. To determine the qualifications of applicants for admission to the various courses of instruction, to prescribe by rule criteria for the admission of students, and to ensure that the criteria for admission are applied to all applicants in a uniform and nondiscriminatory manner, regardless of the school or educational setting from which an applicant obtained a high school diploma or its equivalent. No instruction, either sectarian in religion or partisan in politics, shall ever be allowed in any department of such institutions, and no sectarian or partisan test shall ever be allowed or exercised in the election of professors, teachers, or other officers of the institutions, or in the admission of students, or for any other purpose.
5. To prescribe courses of instruction and to confer such degrees and grant such certificates or diplomas for the work done as are usual or appropriate in similar institutions.
6. To delegate to institution officers and faculty the power to suspend or expel students for misconduct or for other causes prescribed in such bylaws.
7. To provide for the needs and proper development of each institution in harmony with the best interests of the people of the state, and to improve higher and technical education in the state.
8. To coordinate and correlate the work in the different institutions to prevent wasteful duplication and to develop cooperation among the institutions.
9. To fix tuition and fees.
10. To make recommendations in regard to needed legislation for the institutions under its control.
11. To establish a retirement program as an alternative to chapter 15-39.1 for employees of institutions under its control subject to the following guidelines:
 - a. Benefits under the program must be provided through annuity contracts purchased by the board but which become the property of the participants;
 - b. The cost of the annuity contracts must be defrayed by contributions made pursuant to rules of the state board of higher education;
 - c. Eligible employees appointed before July 1, 1973, shall participate in the alternate retirement program only by their individual election. When the electing eligible employee is a member of the teachers' fund for retirement, the employee's assessments and employer's contributions together with interest credited at the current rate for one-year certificates then being paid by the Bank of North Dakota must be transferred to the employee's account in the alternate program. The election must be made before July 1, 1980, and shall relinquish all rights the eligible employee or the employee's beneficiary may have to benefits provided in chapters 15-39 and 15-39.2; and
 - d. Employees of institutions under the control of the state board of higher education who are members of the public employees retirement system and who become entitled to participate in the alternate retirement program are entitled to a special annuity purchase in the alternate retirement program in accordance with this subdivision. An eligible employee who consents to have that employee's contribution included is entitled to have that employee's contribution and employer's contribution, with interest, in the public employees retirement system fund, used by the retirement board of the public employees retirement system to purchase for that employee an annuity in the alternate retirement program in lieu of any other rights under the public employees retirement fund. However, before the employer's contribution may be used for an annuity purchase, the employee's combined years of service with the

public employees retirement system and the alternate retirement program must equal or exceed the years of service necessary to be eligible for retirement benefits under the public employees retirement system. An employee who transferred from the public employees retirement system before March 30, 1987, and who received a refund of that employee's contribution is entitled to have the employer's contribution, with interest, used to purchase an annuity even if that employee did not purchase an annuity in the alternate employee program with the employee's contribution. If an employee makes the election allowed under this subdivision, that employee relinquishes all rights the employee or any of the employee's beneficiaries may have had to benefits provided under chapter 54-52.

The board shall provide for the administration of the alternate retirement program and establish rules for the program consistent with this subsection. This subsection does not derogate any existing retirement programs approved by the board.

12. To determine policy for purchasing by the institutions of higher education in coordination with the office of management and budget as provided by law.
13. To establish by rule an early retirement program for faculty and officers of the board as defined by the board. The limitations on severance pay pursuant to section 54-14-04.3 and on requiring the employee to pay contributions to continue on the state uniform group insurance program upon retirement or upon termination of employment pursuant to section 54-52.1-03 shall not apply to the early retirement program.
14. To adopt rules to protect the confidentiality of student records, medical records, and, consistent with section 44-04-18.4, trade secret, proprietary, commercial, and financial information.
15. To authorize and encourage institutions of higher education under its control to enter into partnerships, limited liability companies, joint ventures, or other contractual arrangements with private business and industry for the purpose of business or industrial development or fostering basic and applied research or technology transfer.
